The Board of Huron County Commissioners met this date in Regular Session. Roll being called found the following members present: Terry Boose and Bruce Wilde. Joe Hintz absent – sick.

Pursuant to Ohio Revised Code Section 305.14 the Record of the Proceedings of the February 19, 2019 and February 21, 2019 meeting(s) were presented to the Board. Terry Boose made the motion to waive the reading of the minutes of the February 19, 2019 and February 21, 2019 meeting(s) and approve as presented. Bruce Wilde seconded the motion. Voting was as follows:

Aye – Terry Boose Absent – Joe Hintz Aye – Bruce Wilde

19-081

IN THE MATTER OF CERTIFYING CLAIMS SCHEDULES TO THE HURON COUNTY AUDITOR FOR PAYMENT

Terry Boose moved the adoption of the following resolution:

WHEREAS, as per Ohio Revised Code 305.10, a resolution must be made by the Board of Huron County Commissioners to accompany the Claims Schedule to the Huron County Auditor's Office for payment;

now therefore

BE IT RESOLVED, that the Board of Huron County Commissioners does hereby approve Claim Schedule 03/12/19 and authorizes the Huron County Auditor to make the necessary warrants; and further

BE IT RESOLVED, that the foregoing resolution was adopted and all actions and deliberations of the Board of Commissioners of the County of Huron, Ohio relating thereto were conducted in meetings open to the public, in compliance with all applicable legal requirements, including Section 121.22 of the Ohio Revised Code.

Bruce Wilde seconded the motion.

*Discussion: Mr. Boose stated the two payments on page 9 to Norwalk Concrete will need to be held because he needs to abstain.

The roll being called upon its adoption, the vote resulted as follows:

Aye – Terry Boose Absent – Joe Hintz Aye – Bruce Wilde

IN THE MATTER OF LETTING BIDS FOR THE 2019 CHIP AND SEAL PROJECT ON VARIOUS COUNTY ROADS IN HURON COUNTY

Terry Boose moved to adopt the following resolution:

WHEREAS, the Huron County Engineer has requested approval for seeking bids for the 2019 Chip and Seal Project on Various County Roads; and

WHEREAS, notice of this must be placed in a newspaper of general circulation and on the County's website pursuant to Section 307.87 of the Ohio Revised Code; now therefore

REGULAR SESSION TUESDAY MARCH 12, 2019

BE IT RESOLVED, that the Board of Huron County Commissioners does hereby approve of letting bids for the 2019 Chip and Seal Project on Various County Roads; and further

BE IT RESOLVED, that notice of this will be placed in a newspaper of general circulation and on the County's website www.hccommissioners.com by clicking on the Legal Notices link until the bid is opened on Friday, March 29, 2019 at 10:01 a.m.;

and further

BE IT RESOLVED, that the foregoing resolution was adopted and all actions and deliberation of the Board of Commissioners of the County of Huron, Ohio relating thereto were conducted in meetings open to the public, in compliance with all applicable legal requirements, including Section 121.22 of the Ohio Revised Code

Bruce Wilde seconded the motion.

*Discussion: Mr. Tansey said this is general maintenance program for the county for the year. Townships will be advertising a separate one that the Engineer's office is also a part of.

The roll being called upon its adoption, the vote resulted as follows:

Aaron Robinson, Ditch Maintenance year-end report

Mr. Robinson indicated he added anything that had been requested through Public Records Requests into his report this year. A lot of the report was typical information provided every year. He indicated he was disappointed in his year of ditch maintenance. He spent a lot of time on other duties (weather really bothered him, public records requests took a lot of time). He wanted to point out that before 2018, once he collects all the money for all the work he has already done, he will only have 5 ditches in the red. He is hoping after this year he will have no ditches in the red. He is carrying over 14.16% of the total maintenance base - \$206,030.95. Mr. Wilde said this was a huge improvement. Mr. Robinson stated that the ORC allows 20%. He also had some history back to 1986 on the cost per acre per mile. He wanted to point out that the 5 year average was \$1.57/acre and \$780.73/mile. He has been putting this out since he started, this is called the Code by Ditch Detail and it shows every charge and receipt to every group that way nothing is in the blind, it is all right there.

Mr. Wilde asked about the Stieber ditch process and costs. Mr. Wilde state there is the preliminary cost of \$12,361.25, Mr. Wilde asked who is responsible to pay these costs and how do they pay it. Mr. Robinson explained there were multiple ways to handle the expenses. Mr. Robinson stated the County Commissioners can front the money and then do a special assessment to collect it back. Usually, they set up a schedule, it depends if they are equal or a County method. Mr. Robinson stated an acre equal, where you take the \$12,361.25 and divide that by the total number of acres that gives you a price per acre. If someone owns 100 acres, multiply that price by the 100 acres, that person owes that much money.

Mr. Robinson stated that the Preble County method is different, there are reaches, so the person that is at the very upper end will end up paying more than the person at the lower end because their water runs through the ditch farther. It is a lot harder to work with, but it really depends on what the Commissioners and the landowners all agree upon, how they feel they want to pay for it – are they okay with acre equal, do they want to go Preble County method. Mr. Boose asked is this all collected in one year. Mr. Robinson said the \$12,361.25 would be collected to pay the contractor, unless, the Commissioners front the money and set a time limit for when the money is paid back in a separate special assessment beside the ditch maintenance special assessment for maintenance.

Mr. Wilde asked how would you negotiate which method is to be used. Mr. Robinson indicated he had never done this so he really wasn't sure. Mr. Boose said as far as he knew they had always done the acre equal method. Mr. Robinson said he did prefer acre equal, but he did have some Preble County method ditches it is a large, in depth spreadsheet that figures out the cost per acre that way. Mr. Wilde wanted to clarify, if acre equal was paid the first year, what happens after that for annual maintenance? Mr. Robinson explained that annual maintenance is a variable assessment, it would be the total cost – \$12,361.25, and then when he does a yearly inspection, he would decide how much money he would need. So if he needed 10% it would be \$1,200 from that budget.

In 2020 if it is on maintenance and he goes through, we had a bad winter, we need to do so much work, and he will need 10% of that \$12,361 that then goes on their taxes as a special assessment. They pay it for that year. The following year after that, if no work is done, he still has to collect \$2, he is not sure how that would be split up between everybody. The next year, if something bad happened, he may have to ask for 20% of the \$12,361. Mr. Wilde clarified that the \$12,361 had to be there. Mr. Robinson said the \$12,361 has to be paid, and that is just a number that sits there that allows him to collect off of that.

Mr. Robinson said the group has to pay that amount for construction. Mr. Boose said that is for construction, but the ditch is already constructed. Mr. Robinson explained there was still work that needed to be done to it. Mr. Robinson had an estimation of about 3,247'at \$2.50 a foot. He explained the ditch maintenance program averages about 75 cents a foot. He said there are a few places out there where the side slopes may need to be reconstructed, but not very many. He had a quote from a contractor a year ago to do complete reconstruction on the ditch, side slopes and bottom, at \$5/foot. Seeding, 2.52 acres, they like to use high to medium mix on a new one, that comes to about \$1,100 to do the seeding. This has to be done because of the EPA. He explained there are 10 outlet pipes, at about \$200/pipe, which is an older estimate also, but that is \$2,000 there. He does like to put the contingency in there just in case they run into something. But the whole amount wouldn't be paid until the bill comes from them. They would have to collect this amount and then pay the bill when it comes in from the contractor. Mr. Wilde asked, if it only comes in at \$10,000, Mr. Robinson said they pay \$10,000. Mr. Wilde said, but the landowners have already paid more. Mr. Robinson thought the excess could go into the account for future maintenance. Mr. Wilde thought then they might have a year or two of maintenance.

Mr. Boose asked for an explanation of the outlet pipes 10 at \$200 each. Mr. Robinson said that all outlet pipes on maintenance have to have a PVC outlet put on with connection dug up and a 20' stick put on, they usually schedule 40', and then an animal guard is put in that outlet pipe also. Mr. Boose said they have been told that there are several outlet pipes that aren't working, are we going to make them work? Mr. Robinson said if it is in the maintenance section and if it is in that ditch, when you put a 20' stick on, you are reconnecting directly to the tile, so if the tile system is working, that outlet will work. Mr. Wilde said you have wasted your money. Mr. Robinson agreed, but said at that point it is the farmer's responsibility. But, when you put a 20' stick on a clay tile, just that 20' stick helps already too clear that clay tile up. The outlet pipes actually help clear out the tile system. He doesn't know how but it does. It gives it enough free space to start to erode that sediment back to take it out the tile. Mr. Boose said his concern is it was identified in the meeting that there are a couple outlets that they haven't seen any water run for a long time and he is concerned that, those are connected to some fairly bigger fields, there is significant water running there and we are going to have significantly more water going through that than what is currently going through. Mr. Robinson said it is all restricted to what is underneath the road also. Mr. Boose thought these were just from the railroad to Route 20. Mr. Robinson said he knew there was someone on the east side of Halfway Road that was concerned about something that goes underneath the railroad there. Mr. Boose said no. Mr. Boose was under the impression there were some there that didn't' work. Mr. Boose said this was west side, Rails to Trails said ever since they have been there nothing has come out of them. Mr. Robinson thought this might be an abandoned system, as it has all been retiled out there.

The estimated federal resources allocated to the state from HUD are listed below. The Office of Community Development (OCD) and Ohio Housing Finance Agency (OHFA) have established a variety of programs through which these funds will be distributed.

Note: The amounts listed below are estimates based on approved PY 2018 HUD allocation as the PY 2019 Note: The amounts listed below are estimates based on approved PY 2018 HUD allocatical allocation has yet to be released.

\$44,880,743 Community Development Block Grant (CDBG) Program \$24,793,348 HOME Investment Partnerships (HOME) Program \$6,971,712 National Housing Trust Fund (NHTF)

\$5,744,253 Emergency Solutions Grant (ESG) Program \$1,666,895 Housing Opportunities for Persons With AIDS (HOPWA) Program \$84,056,951 Total Estimated Federal PY 2019 Funds

The OCD and OHFA have established several policies on how these funds can be used.

- Huron County is eligible for the following Program Year 2019 Community Development programs administered by the State of Ohio, Development Services Agency, providing the County meets the applicable requirements:
 - A. Community Development Allocation Funding Program HURON COUNTY IS NOT ELIGIBLE FOR PY19 FUNDING
 - B. Community Housing Impact & Preservation (CHIP)Program:

Goal: Through an efficient and impactful approach, the Community Housing Impact and Preservation (CHIP) Program will partner with Ohio communities to preserve and improve the affordable housing stock for low- and moderate-income Ohioans and strengthen neighborhoods through community collaboration.

<u>Total Funds</u>: Approximately \$23.5 million: Approximately \$8.5 million in CDBG funds will be combined with an estimated \$15 million of HOME Investment Partnerships Program funds and SFY 2020 Ohio Housing Trust Funds (to be determined). CHIP Program funds will be distributed in one competitive funding round.

Grant Ceiling: Through a competitive application process, jurisdictions may apply for a maximum award as follows:

Maximum Award			
	Option I C	Option 2	
County	\$300,000	\$400,000	
City w/ a population of at least 15,000	\$250,000	\$350,000	
City w/ a population between 5,000 and 14,999	\$200,000	\$300,000	

Partnership Agreement: CHIP Program-eligible jurisdictions are incentivized to collaborate to form a partnership. Partnership applicant jurisdictions may apply for maximum award as detailed in Option 2. Additionally, points associated with partnership development will be awarded when scored for funding. The maximum award for each partnership cannot exceed the aggregate maximum total amount of each CHIP Program-eligible jurisdiction in the partnership as detailed in Option 2 above. Regardless of the number of communities in the partnership, the maximum grant request cannot exceed \$1.6 million.

Jurisdictions who choose to apply as a single-jurisdiction applicant, must refer to Option 1 for maximum grant award. Points associated with partnership development will not be awarded when scored for funding.

 $Huron\ County\ intends\ to\ partner\ with\ the\ City\ of\ Norwalk\ and\ the\ City\ of\ Willard\ in\ PY19$ to\ apply\ for\ CHIP\ funds.\ Together,\ the\ three\ jurisdictions\ are\ eligible\ for\ up\ to\ \$1,050,000.

Eligible Project Categories with Respective Activities: All housing activities completed with CHIP Program grant funds must be single-family homes, as defined by HUD as one to four units. Grantees will follow the OCD's maximum per-unit limit of assistance for PY 2019 and will not institute local limits of assistance. CHIP eligible activities include financing residential rehabilitation or repairs for low and moderate income homeowners, rehabilitation and repair loans for rental properties where tenants are low and moderated income, homeownership assistance including financial support for new construction in partnership with Habitat for humanity, and tenant based rental assistance.

A second public hearing will be held to cover the details of the CHIP application. Specific activities and funding requests will be based on recommendations from the results of the Housing Needs Assessment that is in the process of gathering information from local stakeholders.

Application Timing: Submission: May 3, 2019 - Grant Award: September 1, 2019

Mr. Boose said that our Senior Enrichment Services was looking to purchase and rehab a building. He asked if there were any funds that would be available for them for this purpose. Ms. Shaver asked if it was a County entity or if it was a private organization. Mr. Boose explained they were a 501(c)(3) but they are not a County entity. Mr. Strickler mentioned that they had been designated as the County transportation authority. Mr. Boose said that was part of it, besides doing what they do for seniors, they also are in charge of the Huron County Transit Authority. Ms. Shaver was going to do some checking into this, as far as the transit, the Mobile Management Coordinator, Kristin Gerwin, she would be more knowledgeable as far as the transit side of it as far as if there any funding available for that, but the purchase and remodel of the building – she would do some checking. All the CDBG programs are actually for Cities, villages, and unincorporated areas that is why I asked if they were a part of the County, but she will do some checking to see if there are some other possible opportunities. She will email any information she can find.

At 11:38 a.m. Susan Hazel, Clerk of Courts, Title IV-D contract.

Ms. Hazel worked with the Prosecutor' office updating the Security Addendum. She also met with Ms. Minor regarding changes that might affect them so everyone is protected. IV-D has been in place since 2004. With 2018 figures they have brought in \$197,798.76 of federal money to the County for the work the Clerk's office is doing on behalf of Job & Family's programs. Those are only on IV-D actions. That is 66% of the contract billable amount with 33% that is supposed to be a balance matched by the County, so that amount is just under \$100,000 for the same time period. Ms. Hazel stated this shows the benefit of the program to the county as a whole. Ms. Hazel stated the law has changed, one of the services that they do is for a lump sum, but now CSEA will be doing that directly and not through the Court in a few weeks. So the numbers may go down from what they budgeted.
