A RESOLUTION AUTHORIZING THE HURON COUNTY COMMISSIONERS TO ENTER INTO A PARTNERSHIP AGREEMENT WITH THE CITY OF NORWALK AND TO FILE A PY 2015 COMMUNITY HOUSING IMPACT AND PRESERVATION (CHIP) GRANT WITH THE OHIO DEVELOPMENT SERVICES AGENCY, OFFICE OF COMMUNITY DEVELOPMENT

Gary W. Bauer moved the adoption of the following resolution:

WHEREAS, the State of Ohio, Development Services Agency, Office of Community Development has established the Program Year ("PY") Community Housing Impact and Preservation Program ("CHIP") Guidelines;

and

WHEREAS, the Ohio Development Services Agency, Office of Community Development's filing guidelines for the PY 2015 CHIP encourages communities to partner with other eligible communities in their respective county by increasing the amount of funding available for each member community in the partnership by \$150,000;

REGULAR SESSION TUESDAY APRIL 21, 2015

WHEREAS, the Huron County intends to partner with the City of Norwalk, with Huron County being the Grantee, in applying for the PY 2015 Community Impact and Preservation Program Grant (CHIP) in order to maximize funds available for each community in the partnership;

WHEREAS, by partnering, Huron County and the City of Norwalk are eligible for \$450,000 and \$400,000 in CHIP Funding respectively for a total grant request of \$850,000; and

WHEREAS, to fulfill the Program Guidelines of OCD, a Partnership Agreement must be executed by the participating jurisdictions;

WHEREAS, Huron County hereby commits HOME Housing Program Income in the amount of Twenty-five Thousand Dollars towards the Private Owner Rehabilitation Activity; now therefore

BE IT RESOLVED, by the Huron County Commissioners:

SECTION I. That the Huron County Commissioners are hereby authorized and directed to enter into a Partnership Agreement with the City of Norwalk and to file an application on behalf of the Partnership with the Ohio Development Services Agency for an PY2015 Community Housing Impact and Preservation (CHIP) Grant. The funds from this grant will be used for housing improvements for low and moderate income homeowners in accordance with the Partnership Agreement and Housing Advisory Committee Recommendations and local determinations. Huron County acknowledges that it will be responsible for the entire CHIP grant award, if funded.

SECTION II. That if the Grant is awarded to the County, the county is authorized to accept the grant and enter into an agreement with CT Consultants, Inc., and the Ohio Development Services Agency for its implementation and administration and execute any and all documentation associated with said grant.

BE IT RESOLVED, that the foregoing resolution was adopted and all actions and deliberations of the Board of Commissioners of the County of Huron, Ohio relating thereto were conducted in meetings open to the public, in compliance with all applicable legal requirements, including Section 121.22 of the Ohio Revised Code.

Joe Hintz seconded the motion. The roll being called upon its adoption, the vote resulted as follows:

Aye – Gary W. Bauer Aye – Tom Dunlap Aye – Joe Hintz

IN THE MATTER OF PROCLAMATION

WHEREAS, children are Huron County's most precious and valuable resource; and WHEREAS, each child has the right as a human being, to live and grow in a safe and supportive environment; and

WHEREAS, children who are loved and nurtured grow up to love and nurture others, giving back to their own family, their community and their state, the care that was bestowed upon them; and WHEREAS, child abuse/neglect is a complex and on-going problem in Huron County; Children Services responded to 1560 calls and concerns involving over 3500 children and 1200 families; 370 of these referrals resulted in a need for further assessment; 44 children spent time in foster care, and 3 were adopted;

WHEREAS, child abuse/neglect is a community problem, and finding solutions will depend on involvement of people throughout Huron County; and

WHEREAS, child abuse/neglect prevention programs will succeed because of partnerships among private sector agencies and the people of Huron County;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF HURON COUNTY COMMISSIONERS, that residents are encouraged to recognize and support the needs of abused and neglected children and take action to prevent child abuse and neglect.

IN WITNESS WHEREOF

We have hereunto subscribed our names this 29th of April in the year of our Lord, Two Thousand Fifteen.

HURON COUNTY COMMISSIONERS

At 9:30 a.m. Public Comment

Mr. & Mrs. Kevin Ledet came before the board in regards to the Greenwich windfarm. Mr. Ledet explained that they have a copy of the Ohio Revised Code that is a consensus point with the Ohio Power Citing Board is how they allow the wind farm company to move 67% of their turbines without requiring the proper waivers from the adjacent property owners according to the Ohio Revised Code, this may have to go before the Ohio Supreme Court, it may be going that way.

Mr. Ledet explained that he has a letter that he sent to the Ohio Energy Mandates Study Committee that he would like the board to review. Along with this letter was sent a 62 page document, including newspaper articles. He would like to get the local government officials on board, including township trustees, commissioners and school board members. Mr. Ledet would like the Commissioners to sign this letter showing their support to have these mandates reviewed. Mr. Dunlap questioned what had happen with the appeal that was filed. Mr. Ledet explained that they have granted a rehearing but have not issued a decision.

Presented letter for the board to review

TUESDAY

Honorable Troy Balderson Chairman, Ohio Energy Mandate Study Committee Ohio Senate Senate Building Columbus, OH 43215

We are writing to you as a group of local officials who have concerns about wind turbines, and specifically the wind turbine park that is being proposed in Greenwich Greenwich Reighbors United (GNU) shared with us the letter they sent to your committee and we wanted to relierate some of the same concerns they shared with us the letter they.

- A wind park developer filed an application for a certificate with the Ohio Power Siting Board to erect 25 wind furbines, each 490.5 feet tail with rotor diameters of up to 353 feet, and covering 4,505 acres of land. Case Number 13-590-EL-96M, park and the impact 1 had on the community, hundled on the proposed wind park and the impact 1 had on the community, hundled out to us to help as top the wind turnise project. Unfortunately, the OhSS did sissue a certificate to the wind park developer. However, members of GNU filed an application for rehearing and it was granted to allow the OPSB more time to review the application.
 The community in Greenwich has had many meetings about the wind park of life. Some of our major concerns include.

 5) Local fire departments including our volunteer fire department do not have the equipment to address a turbine fire including fires caused by a lighting sinke equipment or address a turbine fire to develop the social property.

TQ: Members of the Ohio Energy Mandate Study Committee FROM: Kevin Ledet, Chairperson, Greenwich Neighbors United Gevernor Kasich, Ohio Power Sting Board DATE: March 10, 2015 RE: Energy Mandates/GNU's Story

NE: Energy Mandates(CNU's Story

I am writing on behalf of Gerenwich Neighbors United (GNU) to urge the Ohio General
Assembly to repeal or indefinitely suspend the annual escalation in compliance
quantities specified as part of Ohio senergy mandates, including the renewable join
mandate. GNU is a large and growing group of local propeet owners who have join
with the property of the property owners who have join
with dram in Humon County. The proper concerns about a proposed indivinities/
and the formation of GNU is described in Ohio Power Siting Board (OPSB), Case No.
13-990-EL-BOAT.

13-990-EL BGN.

In the summer of 2014, many residents of Greenwich began to understand the real significance of the proposed wind farm development that would be eracted in our backyard. The developer had filed an application for a certificate with the OPSB and was seeking submiration to install 25 wind furbries, each 490.5 feet tall with rotor was seeking submiration to install 25 wind furbries, each 490.5 feet tall with rotor was seeking submiration to install 25 wind furbries, each 490.5 feet tall with rotor was seeking submiration to install 25 wind furbries, each of 190.6 feet and covering 4,650 acres of land. As we staffed to lisem more about the dangel level, and covering 4,650 acres of land. As we staffed to lisem more about the dangel level, and covering 4,650 acres of land. As we staffed to lise on the OPSB and the CPSB was nowing the certificate application along quile quickly, it took us a while to realize that our concerns and interests were less likely to be taken into account unless we hired and atmony and intervened in the OPSB proceeding. We are a group of neighbors, many of us farmers, who did not understand the OPSB see file. We have a group of neighbors, many of us farmers, who did not understand the OPSB beginned by the OPSB unless we became a party for the case. It has magain might be ignored by the OPSB unless we became a party for the case. It has magain might be group to the proper us of our fundamental rights to hold and enjoy property. Along the way, we began to realize that that the OPSB was not looking out for us and it was going to be up to us to make sure our concerns were adversed before the for-profit wind farm developer was allowed to move forward.

As we came to better appreciate the risk of not being a party in the OPSB proceeding, we found a lawyer who was willing to help us at a cost we could store. He filed a request to allow one of the affected property owners and our members to intervene after the intervention cut-off dates so that we might have the rights of a 'party'. He urged the OPSB to find that there was 'good cause' to allow the late intervention. Despite the support we received for this motion from members of the public, this intervention request was rejected at the urging of the wind farm developer. And then the OPSB issued a decision authorizing a certificate without one mention of the safety and other concerns expressed in the hundreds of letters and e-mail messages that were

Attached is our application for rehearing that was filed at the OPSB, along with many articles and letters to the editor that have been printed in our local papers.

We would be happy to host a local meeting of your Committee to let you see firsthand what is being proposed in our community and to let hear from the Ohio citizens who are paying a high price as a result of Ohio's arbitrary portfolio mandates.

We hope this information is useful and we thank you for your consideration of our comments.

6) The wind park developer did NOT get a waiver of the minimum setback requirement from <u>ALL</u> owners or property adjacent to the wind farm property and that has caused a much divided community.

As local officials who represent this community, we ask that the Ohio Energy Mandati Study Committee look at this case and how these wind turbines could harm our land requisity of this. Specifically, we request that one foy our recommendations included that ALL adjacent property owners must sign a waiver if the minimum sebback requirement is not mat. This issue has caused a great deal of concern in Greenwich.

Sincerely,

Huron County Commissioner

4906.20 Certificate required to construct certain wind farms.

(A) No person shall commence to construct an economically significant wind farm in this state without first having obtained a certificate from the power siting board. An economically significant wind form with respect to which such a certificate is required shall be constructed, operanted, and maintained in conformity with that certificate and any terms, conditions, and modifications it contains. A certificate shall be issued only pursuant to this section. The certificate may be transferred, subject to the approval of the board, to a person that agrees to comply with those terms, conditions, and modifications.

(B) The board shall adopt rules governing the certificating of economically significant wind farms under this section. Initial rules shall be adopted within one hundred twenty days after June 24, 2008.

(II) Section. Initial rues sinal rows does not be adopted manufactured from the state of the sta

(2) Additionally, the rules shall prescribe reasonable regulations regarding any wind turbines and associated facilities of an economically significant wind farm, including, but not limited to, their location, erection, construction, consociation, excepts, alteration, maintenance, removal, use, or enlargement and including erosion control, sesthetics, recreational land use, wildlife protection, and a second control and control and control in the protection of the control in the

intercupations.

(4) The rules also shall prescribe a minimum setback for a wind turbine of an economically significant wind farm. That minimum shall be equal to a horizontal distance, from the turbine's base to the property line of the wind farm property, equal to one and one-tenth times the total height of the turbine structure as measured from its base to the tip of its highest blade and be at least one thousand one hundred tewn-five feet in horizontal distance from the tip of the turbine's nearest blade and entirely degrees to properly line of the nearest adjacent property at the time of the certification application.

(i) For any existing certificates and amendments thereto, and existing certification applications that have been found by the chairperson to be in compliance with division (A) of section 496.06.0 of the Revised Code before the effective date of the amendment of this section by H.B. 59 of the 130th general assembly, September 29, 2013, the distance shall be seven hundred fifty feet instead of one thousand one hundred twenty-five feet.

(ii) Any amendment made to an existing certificate after the effective data of the amendment of this section by H.B. 483 of the 130th general assembly shall be subject to the setback provision of this section as mended by that act. The amendments to this section by that act shall not be construed to limit or abridge any rights or remedies in equity or under the common law.

(c) The setback shall apply in all cases except those in which all owners of property adjacent to the wind farm property waive application of the setback to that property pursuant to a procedure the

OTHER BUSINESS

Mr. Bauer discussed his meeting with Erie County in regards to IT, it we enter into an agreement and Erie County hires an IT person to service Huron County, and we decide that we don't want to do it at some point, Erie County has a person they don't need. Mr. Bauer explained Erie Counties counter offer, which he feels needs to be considered is that Huron County would hire an IT person, Erie County would provide the same back up support to that IT person under contract. Erie County will work on a contract and submit it to Huron County to review. Mr. Bauer asked the other Board members if they feel they should allow Erie County to submit a contract to work on getting an IT person hired. The Board is in agreement, we really need an IT person.

Mr. Bauer discussed centralized dispatching, Mr. Bauer stated he went to Erie County Sheriff's Department to see their centralized dispatching. Mr. Bauer stated he learned a lot from this visit. He explained that they have renovated their room, there are 6 desks for 6 dispatches in this room along with multiple screens to monitor everything that is going on. Mr. Bauer stated that when Huron County discussed centralizing dispatch a while ago, they thought everyone would jump on board, however City of Norwalk and City of Willard stated "No" we need 24 hr. dispatching. Mr. Hintz questioned how did Erie County get everyone on board? Mr. Bauer stated the Huron closed their jail, Sandusky closed their jail, and all prisoners of Erie County now go to the Erie County Jail. Mr. Dunlap stated that after business hours there is a camera and a phone in the lobby of the police departments. If someone needs assistance, they pick up the phone, talk to the person on the other end, who will dispatch the correct people. Mr. Dunlap feels this is awesome. Mr. Bauer explained that Erie County can monitor where each law enforcement agency is at all times. The Erie County Sheriff is in charge of central dispatch. Mr. Bauer stated the Erie County has saves \$800,000.00. Mr. Bauer stated that everyone in the County needs to work together to get the centralized dispatching to work in Huron County.

At 9:53 a.m. the board recessed.

At 10:12 a.m. regular session resumed.

Joset Burns, Secretary of State Office came before the board to introduce herself and the representative from the regional. Mr. Dunlap questioned Ms. Burns regarding the Board of Elections, what kind of a mess are we going to be in financially with how they are changing voting around. Ms. Burns stated she is not sure what the outcome of all this will be. Mr. Dunlap stated it could devastated us financially.

At 10:27 a.m.

Pete Welch, Maintenance Supervisor came before the board in regards to the Huron County Administration Building renovations. Mr. Welch questioned how many signs are needed? Mr. Bauer stated he did not know there were this many signs for the Administration Building. The board agreed that the sign on the building needs to be replaced. Mr. Welch questioned if the signs on the sides need to come down, the board agreed that the signs out front and on the sides need to be removed. Mr. Welch stated

that the sandstone needs to be replaced, Mr. Dunlap stated this should be done before Master Gardners plants the flowers. The awning out front needs to be replaced as well. The flag pole will match the dark brown of the windows. Ms. Nolan questioned the railing, Mr. Welch stated it will be replaced.
