HURON COUNTY DEVELOPMENT COUNCIL

Mission Statement

"The Corporation exists to advance, encourage, and promote industrial, economic, commercial, educational, and civic development in the County of Huron, State of Ohio, including all municipal corporations located therein."

The Huron County Development Council's role in the economic development efforts of our county differs with each project. Sometimes we take the lead role and other times we play a supporting role. On occasion, we have no role and that is OK as well. The important thing is that we are available and ready to assist any business, individual or community needing our services and with our increased outreach that message is known.

Entrepreneurship has seen a significant increase in Huron County in the last six to eight months. HCDC has helped prepare six business plans and connected those clients to financing opportunities. Three of those clients have opened or expanded their businesses (Jodansa/Wakeman, Eleven 18 Powersports/Bellevue, and Carl's Complete Car Care/New London). One client will be closing on his financial package in the next week or so. One client opted not to proceed and the final client is just getting started.

HCDC has played either the lead role or support role in a number of significant economic development projects over the last year.

Despite the high unemployment rates reported for Huron County, businesses continue to report their desperate need for workers. HCDC has worked closely with Steve Fuhr/Bellevue Development Corporation on the creation of the Regional Resource Center & Transformation Network. HCDC Executive Director also serves as President of the Huron County WIA Board.

HCDC was invited to participate in a four-county Manufacturing Showcase event to be held on October 24, 2014. Erie, Sandusky, Huron, and Ottawa Counties are collaborating to tell the story of manufacturing today. Manufacturing bus tours will take place on October 24 for superintendents, principals, and guidance counselors. Each participating manufacturer will focus on a specific skill set. This collaboration has caught the attention of Governor Kasich who hopes to stop by one of the counties. Erie and Huron Counties plan to meet at EHOVE for a lunch presentation allowing the two counties' educators the

opportunity for additional networking.

Tentative manufacturers participating in Huron County's event include Pepperidge Farm and MTD/Midwest in Willard, Wilbert Plastics in Bellevue, and Olympus in Norwalk.

Representative Terry Boose is very interested in assisting Huron County with economic development and assuring that Ohio's rural counties have the same financial incentive opportunities as urban counties. HCDC has worked with Terry's office to host meetings with local economic development professionals, business and community leaders with the Ohio Development Services Agency and The Finance Fund.

HCDC hosted a New Market Tax Credit training session with the Development Fund of the Western Reserve and attended USDA Financing training in Findlay.

Our collaborations have increased significantly in the last three years. We are presently working on collaborative projects with:

- WEST Sub-Region Erie, Lorain, & Huron County economic development professionals continue to meet to share information, discuss tri-county opportunities, and strengthen our working relationship. Working on tri-county manufacturing business visit outreach in October (Manufacturing Month)
- Manufacturing Showcase collaborative effort with Sandusky, Ottawa, Huron, and Erie Counties.
- WAEDC/HCDC Partnership The two organizations have strengthened their working partnership to provide additional guidance and leadership to Willard's organization.
- Development Finance Authority Project Star of the West collaboration providing additional incentive opportunities to allow project to move forward in Willard.

Due to our increased outreach efforts over the last three years, HCDC's name and services are known throughout the county and region. End result, we are extremely busy! Our outreach efforts include:

- Team NEO HCDC represents Huron County at Team NEO partner meetings
- Wayne County Economic Development Corporation Annual Meeting included roundtable meeting with site selector
- NASA Plumbrook Introduction to NASA Plumbrook meeting
- Development Fund of the Western Reserve serve as Vice President and represent Huron County and northern counties for new market tax credit opportunities
- Willard Chamber Annual Dinner
- Willard State of the City
- Huron County Chamber Annual Meeting
- Celeryville Muck Farmer Breakfast Meetings
- WAEDC meetings
- Huron County WIA Board serve as President

Huron County's Moving Ohio Forward Demolition Program has allowed the demolition of 23 blighted residential properties throughout the County. The Program has once again been extended until September 30, 2014. Huron County has an identified property for the remainder of our Program funds.

As requested, HCDC is coordinating the Huron County video efforts. We have started discussions with CGI and things are progressing well.

The Huron County Development Council's *HCDC R & E Program* is entering its third year of county-wide business visits. We are off to a slower start than previous years due to our intern entering 2012 and 2013 business visit data into our new Executive Pulse software program. This program allows us to share information with our WEST Sub-Region partners (Erie and Huron Counties) to determine trends in a tricounty region. Since October is Manufacturing Month, the three counties are planning Manufacturing Appreciation Month business visits and other activities to show our appreciation of our manufacturing sectors.

In 2013, HCDC had its first opportunity to utilize the services of a summer intern (Nikole Dangelo). The experience was so positive for our organization that we decided to seek an intern for this summer as well. Brittany Wilson joined the HCDC team the end of May and was instrumental in inputting previous year business visit data for our *HCDC R & E Program* into our new software program and conducting business visits in the Willard area. We utilized Brittany's marketing skills to assist with the redesign of the WAEDC website and recommendations for the HCDC website.

The Huron County Development Council, the Huron County Commissioners, the City of Willard, and the Development Finance Authority of Summit County were recipients of the 2014 Team NEO Economic Development PLUS Awards for Business Retention recognizing the collaborative efforts with the Pepperidge Farm expansion project. We are extremely honored to be a part of this team effort!

HCDC is the county's designated lead response agency for state-generated economic development leads. In that role, we also distribute leads to the local economic development organizations and communities and maintain the state database of available sites and buildings for economic development opportunities. We take a proactive approach to maintaining the database to assure that all available properties are included. We recently became aware of 100 acres of land that is strategically located and available. We have talked with the property owners and are finalizing purchase option negotiations. We have also observed various commercial properties and available land in the Willard area and are contacting the appropriate property owners or real estate agencies to obtain the information we need to list those properties. Kathy will also be meeting with Terry Miller with NEDC to update their listings of available properties.

I would like to thank the Huron County Commissioners for their support of HCDC and the economic development efforts taking place in Huron County. I am extremely pleased with the open communication I experience with each of the commissioners.

Respectfully submitted,

HURON COUNTY DEVELOPMENT COUNCIL

Carol A. Knapp, EDFP Executive Director
