## REGULAR SESSION At 9:30 a.m. Public Comment

TUESDAY

Pete Welch, Maintenance Supervisor came before the board in regards to the engineering for the chiller at the jail. Mr. Welch explained would like to have TES Engineering to do the oversight for the engineering of the new chiller placement. For an extra \$1,500.00 TES will do this oversight to make sure this is correct.

Gary W. Bauer moved to authorize Pete Welch to increase the engineering agreement by \$1,500.00 with TES Engineering for the engineering of the new chiller placement at the Huron County jail which will bring the agreement amount to \$6,500.00 from the original \$5,000.00. Tom Dunlap seconded the motion. The roll being called upon its adoption, the vote resulted as follows:

Aye – Gary W. Bauer Aye - Tom Dunlap Aye – Joe Hintz

Pete Welch also asked to have an amazon account to buy equipment that the mechanic needs and that the maintenance department needs. Mr. Welch explained that Daivia Kasper is ok with this. The mechanic needs a part that is \$1,000.00 less on amazon, compared to the local retailer.

Mr. Welch explained he will have Mr. Zurcher fix the sink at the jail; he will need to purchase a part at \$2,800.00. Mr. Zurcher stated he will be able to do the work instead of sub-contracting out. Mr. Dunlap questioned what the timeframe would be to complete this project. Mr. Welch estimated a week.

Mr. Welch discussed the needs for a new blower at the landfill. The blower they have is broken; this system was installed in 1992. All this is connected together, runs 24-7. They are currently getting water in this where they are pumping it out. The wells will eventually need to be replaced because of all the water. The blower is required to run 24-7, but this blower if ran this long starts to burn up. This will be paid for out of the equipment reserve fund.

Mr. Welch discussed the paint for the back foyer in the office building and the decision was to paint it grey and burgundy.
