Carl Essex came before the board in regards to the farm land at the airport. Mr. Essex presented a plat map to extend the farming by 12 or 15 percent and further stated that they would measure the acreage. This would help lower the mowing cost and would bring in revenue. Mr. Bauer stated that as long as it is not a problem with the FAA and the airport board then he does not have a problem with it and the board agreed. Mr. Essex will take this to the airport board. Discussion was had in regards to the culvert to farm the land across the road. Mr. Bauer stated that the airport board member had stated that it would cost more to put the culvert in than they would get in revenue from farming the property. Mr. Essex said that is true for the airport board but not for the county. The engineer does this work for the county when requested and that is what the engineer does.

**At 9:30 a.m. Public Comment**

Carol Knapp, HCDC came before the board to introduce Nikole Dangel as an intern who will be working with her and also Chris Burnham from Summit Port Authority who she has been working with on the Pepperidge Farm expansion.

**At 9:45 a.m.** the board recessed

**At 9:50 a.m.** the board resumed regular session.

**Administrator/Clerk Report**

Cheryl Nolan presented the RFQ rating sheets for the architects for the ADA ramp use of CDBG funds and stated that Dan Frederick, Architect received the most post points. At this time Mr. Frederick will meet with the board to work out the particulars for entering into a contract. The rating sheets are on file. Ms. Nolan also referred to a letter from MS Consultants, Inc. to the Huron County Engineer requesting that a plaque be placed on the Standardsburg Road Truss Bridge to honor Wade Harvey their long time bridge engineer who was devoted not only to designing safe, durable, aesthetically pleasing and economical replacement structures, but equally devoted to restoring structures to preserve their historic and community value. This would be a tremendous tribute to his legacy and to his last bridge engineering project. MS will pay the cost of such plaque and Mid-Ohio will install and there will be no cost to the county. The

**REGULAR SESSION****TUESDAY****MAY 7, 2013**

board agreed to this dedication. Discussion was had in regards to the application for CDBG funding for the FY 2013 application. Ms. Nolan read an email that she received from Nadine Thompson in regards to how the projects were chosen.

When the State determined that the County could only fund 3 projects, and the Commissioners determined they wanted to fund all of the projects using RLF for the additional 2 projects, I attempted to place them within the category that best utilized the CDBG funds, to ensure we used all of the money. I also took into account the amount of matching funds each community was able to provide, which was why Greenwich Village originally was in the CDBG category.

So to answer your question, the projects were not necessarily ranked for this round, however, had the Commissioners decided to only fund 3 projects and not the 2 with RLF, I would have then asked the Commissioners to rank them and determine which 3 projects they wished to fund.

Also, Clarksfield did not submit a project.

**OTHER BUSINESS**

Mr. Bauer reported on a conversation that he had with the County Engineer in regards to paving at the Huron County fairgrounds. There is going to be a new show arena between the goat barn and the turkey barn and there needs to be some paving in that area. The board agreed to help with the cost of this paving.

Mr. Bauer presented an email to the board in regards to a meeting with a person from SUNCO. Mr. Bauer stated that 9:30 a.m. would be a good time to schedule this appointment. Mr. Bauer stated that he will meet with Nathan Slonaker and Dwayne Siekman for a quick over view of the project.

Mr. Bauer also discussed the summer conference it was decided that Mr. Bauer would RSVP for himself and that Cheryl Nolan would RSVP for Tom Dunlap, Joe Hintz and herself to attend the summer seminar. Mr. Bauer also discussed the article "Ohio EPA Awards 18 Community Recycling Grants" and the fact that Huron County was at the top of this list. Credit goes to Pete Welch and Pam Hansberger for writing the grants.

**At 10:10 a.m.** Tom Dunlap moved to enter into Executive Session ORC 121.22 (G) (1) to consider the **appointment, employment**, dismissal, discipline, promotion, demotion, or **compensation** of a public employee or official, or the investigation of charges or complaints against a public employee, official, licensee, or regulated individual. Joe Hintz seconded the motion. The roll being called upon its adoption, the vote resulted as follows:
