At 8:45 a.m. Dan Frederick, Architect came before the board in regards to the projects that he is to work on. Mr. Bauer explained the projects at the administration building, which are the handicap ramp, boiler at this building and windows. Other projects include the fifth floor HVAC at the HCOB, windows at the 22 East Main Street building. Discussion was had in regards to either using the fifth floor of the HCOB or the old jail for the relocation of the Adult Probation Department. Further discussion was had in this regard. Mr. Frederick reviewed the projects that he will be working on estimates for.

Pete Welch, Maintenance Supervisor asked about the underground storage tank at Shady Lane. The tank has been removed but there is contamination at the site. Mr. Welch stated that he felt that this project would cost around \$12,000 to \$15,000 to complete. The letter received from the Department of Commerce stated that on June 29, 1994 one 300 gallon gasoline UST was removed from this location. The closure report for the tan removal, as well as a subsequent site assessment report, indicated that contamination above action levels existed and that corrective action would be necessary. Mr. Welch stated that he would reply that the county is going out for bids at this time.
