**REGULAR SESSION**

**TUESDAY**

**MAY 29, 2012**

**At 9:30 a.m.** Public Comment

Vickie Ziemba, Administrative Assistant came before the board in regards to the copy machine lease and stated that Dan Bowers, presented a lease agreement that will lower the cost of the lease if we keep the same machine instead of upgrading and he stated that we still have a lot of miles left on our machine. The cost will be lowered to \$338.00 and we are now paying \$466.00 so it will be lowered about \$100.00 per month and we are going to lower our sheet amount as well. At this time we have 5,000 per our contract and we are going to lower this to 4,000 as we do not use that many, we use right around 3,000 to 4,000 per month. Mr. Bowers stated that he will do this so that if we go over one month we won't get charged for it as it will be taken off the next month. Ms. Ziemba stated that usually when we go into a new agreement we get a new machine but Mr. Bowers stated that these are very sturdy machines and they have all the capabilities that we need and further stated that we have not had any problems with this machine and if we do they come right out and correct it. Mr. Bauer asked if it was her recommendation to do this. Ms. Ziemba stated that she would recommend keeping this machine at the lesser monthly payment. Mr. Bauer stated that this is \$1,200.00 worth of saving per year. The board agreed to approve the lease.

**OTHER BUSINESS**

Discussion was had in regards to mulching at the courthouse. The Commissioners will split the costs for such mulch.

Mr. Silcox stated that there is a fracking meeting in Litchfield on Thursday, May 31, 2012 at 6:00 p.m.. at Litchfield Assembly of God. Mr. Silcox spoke to a letter received from the Board of Elections in regards to what they want to do downstairs. Mr. Silcox stated that he would go down and look at the project and further stated that they have three quotes for carpet in a small area. Mr. Silcox also stated that he would like to start working on a five year plan in the next week or so and feels that this needs to be done relatively soon.

**At 10:06 a.m.** Cary Brickner, and Aaron Robinson, Soil and Water came before the board in regards to presenting the Group Project Inspection Report for 2011. Discussion was had in regards to the Coder-Wechter joint ditch maintenance project with Mr. Brickner explained where they are at in the process of construction. Mr. Brickner further explained the flow of water from this project. Mr. Silcox also asked

**REGULAR SESSION****TUESDAY****MAY 29, 2012**

about the ditch on Route #601 and stated that he had received a call from Mr. Fletcher and they did find a blockage under that tree and they fixed that but they still had a concern that Livengood's ditch still needed to be cleaned and asked Mr. Brickner to send a letter to Mr. Livengood. Mr. Brickner stated yes and that there is no question that it could use it and hopefully the property owners will kick in and share the cost and this is where the education is needed. Mr. Livengood has to accept that water and he has kept it open as much as he can. He has a little backhoe and is sure he would work on this as much as he can. At this point Mr. Brickner brought up the discussion in regards to updating the three year three way agreement between the Engineer, Commissioners and Soil and Water Conservation District.

Mr. Brickner introduced the Mr. Robinson as a new employee. Mr. Robinson reviewed the ditch report and stated that overall the ditches looked good and that there is nothing very pressing and further explained what ditch needed the most work which is Maggison Creek but still not pressing and this is also the largest ditch at 12.14 miles. Mr. Brickner stated that they have been working on the six year updates which is something Don Ruffing would do over the winter months which didn't happen this year and stated that there should be about a dozen of them coming up in July. Mr. Brickner stated that he did want to discuss Magginson Creek as a six year update and has had parcel splits over the years and Annie Saunders at the Auditor's office would give these to Don Ruffing and he would then forward them to Seneca County Soil and Water. Seneca County would send their splits to Mr. Ruffing and Mr. Ruffing would send them back to Seneca County with the intent that these would be sent to the Seneca County Auditor and we are now finding out that they did not get to the Seneca County Auditor and we have some problems with this that need to be straighten out and since this is a joint county board it will have to be a joint county board decision. We have one property owner that has over paid a sizeable amount over the past ten years. This is a nightmare of a mess and has been working with Daivia Kasper, Assistant Prosecutor. All the property owners that over paid and the property owners that did not pay enough are all Seneca County property owners. We need to get this straighten out and there is about \$6,000.00 paid by property owners that should not have paid that much and not paid by others that should have. There is one property owner that would like to be reimbursed. Mr. Brickner stated that in ORC 6137.11 allows the joint board in this case during the six year update to do equalizations assessments and we need to get a legal opinion from Ms. Kasper in this regard.

Mr. Brickner stated that Soil and Water had a ten year agreement with the fair board to store equipment in the goat barn as they had put in \$10,000 when they built the goat barn ten years ago. The agreement was that they would store their no-till drills and backhoe in this barn. The fair board wants to do a few things like enclose the goat barn with another barn and have a show pavilion in the middle which restricts Soil and Water's ability to put machinery in the building. Mr. Brickner stated that part of their plan has always been to build a building for equipment and stated that they have a building fund for such purpose. The property and building are deeded in the Huron County Commissioners' name but there is a lease purchase agreement that when the loan is paid off it gets deeded to Soil and Water and at that point it becomes an asset as long as the federal government stays in the building. Mr. Brickner stated that at this time they are looking at putting up a 50 x 100 sized building back there and further stated that they are going to have to borrow the money to do so but between the equipment fund and the building fund it can help pay that loan off.

Discussion was had in regards to the move of the license bureau and title office. Mr. Bauer stated that he has had conversation with Jill Nolan, DJFS, Roland Tkach, Auditor, and Susan Hazel, Title Office in regards to moving the License Bureau and Title Office. Mr. Bauer stated that his perception based on these conversations is that Jill Nolan would be perfectly happy if it all went away and she never heard about it again but on the other hand she will do whatever we think is best for the county. If there would only be one bureau she would be happier because she wouldn't have to squeeze her current employees into the space that she would have left. Mr. Bauer stated that the most interesting facts that has come out of this to him is that our perception was that they had seriously cuts in personnel out there but what he has learned from Amy Leibold, Business Administrator, DJFS is that they have one less person there now then they had years ago. Mr. Bauer stated that Mr. Tkach is the leader on this and states that he needs more space because of more advanced machinery because of the change in the drivers' licenses. Mr. Bauer stated that he feels it would be wrong to move those departments east of town and further stated that in his opinion which has not been discussed with Mr. Tkach but has been with Ms. Hazel is that if we have anything to say they should build on to the building out there and use the \$150,000 there instead of renovating DJFS and CDBG money that we could use to fix the handicap ramp they should stay in the building that they are in. Mr. Bauer stated that he would like to approach Mr. Tkach with this proposal. The board agreed that this is the right decision to make and that Mr. Bauer should talk with Mr. Tkach in

**REGULAR SESSION****TUESDAY****MAY 29, 2012**

this regard.

Mr. Silcox asked again to look at the park board property on South Norwalk Road and Mike Bick's property. Mr. Bauer stated that he had talked with Judge Cardwell in this regard and that the judge is very aware of this situation and feels that there should be an agreement that Mr. Bick have the west side of the creek and the county have the east side of the creek as it would be better for the park and for Mr. Bick. Mr. Bauer stated that he feels that this is a good opinion.

**At 10:47 a.m.** Larry J. Silcox moved to adjourn. Joe Hintz seconded the motion. The meeting stood adjourned.
