REGULAR SESSIONTUESDAYSEPTEMBER 4, 2012The Board of Huron County Commissioners met this date in Regular Session.Roll being called found thefollowing members present: Gary W. Bauer, Joe Hintz, Larry J. Silcox.

Pursuant to Ohio Revised Code Section 305.14 the Record of the Proceedings of the August 28, 2012 meeting(s) were presented to the Board. Larry J. Silcox made the motion to waive the reading of the minutes of the August 28, 2012 meeting(s) and approve as presented. Joe Hintz seconded the motion. Voting was as follows:

Aye – Gary W. Bauer Aye – Joe Hintz Aye –Larry J. Silcox

12-234

IN THE MATTER OF CERTIFYING CLAIMS SCHEDULES TO THE HURON COUNTY AUDITOR FOR PAYMENT:

Joe Hintz moved the adoption of the following resolution:

WHEREAS, as per Ohio Revised Code 305.10, a resolution must be made by the Board of Huron County Commissioners to accompany the Claims Schedule to the Huron County Auditor's Office for payment; now therefore

BE IT RESOLVED, that the Board of Huron County Commissioners does hereby approve Claim Schedule C 12-34 authorize the Huron County Auditor to make the necessary warrants; and further

BE IT RESOLVED, that the foregoing resolution was adopted and all actions and deliberations of the Board of Commissioners of the County of Huron, Ohio relating thereto were conducted in meetings open to the public, in compliance with all applicable legal requirements, including Section 121.22 of the Ohio Revised Code.

Larry J. Silcox seconded the motion. The roll being called upon its adoption, the vote resulted as follows:

Aye – Gary W. Bauer Aye – Joe Hintz Aye –Larry J. Silcox

IN THE MATTER OF HIRING FOR THE POSITION OF CAUSAL LABORER, FOR THE HURON COUNTY TRANSFER STATION/SOLID WASTE DISTRICT

Larry J. Silcox moved the adoption of the following resolution:

WHEREAS, it is the desire of the Board of Huron County Commissioners to hire a Casual Laborer(s) for the Huron County Transfer Station; and

WHEREAS, this position was posted and advertised in accordance with the Huron County Personnel Policies Handbook; and

WHEREAS, all applications were reviewed and two applicants were chosen to be interviewed, and both were interviewed; and

WHEREAS, applicants Joseph R. Lovelace and Benjamin M. Martin were deemed by experience, skills, and work history to be the most qualified for the position; and

WHEREAS, the Huron County Transfer Station Manager recommends the hiring of Joseph R. Lovelace

TUESDAY

SEPTEMBER 4, 2012

and Benjamin M. Martin to the position of Casual Laborer(s) effective September 10, 2012; now therefore

BE IT RESOLVED, that the Board of Huron County Commissioners hereby approves the appointments of Joseph R. Lovelace and Benjamin M. Martin to the position of Casual Laborer at the starting rate of \$12.32 per hour; and further

BE IT RESOLVED, that the foregoing resolution was adopted and all actions and deliberations of the Board of Commissioners of the County of Huron, Ohio, relating thereto were conducted in meetings open to the public, in compliance with all applicable legal requirements, including Section 121.22 of the Ohio Revised Code.

Joe Hintz seconded the motion. The roll being called upon its adoption, the vote resulted as follows:

Aye – Gary W. Bauer Aye – Joe Hintz Aye –Larry J. Silcox

HURON COUNTY COMMISSIONERS, JOB DESCRIPTION Casual Laborer, Transfer Station/Solid Waste

Status: Casual, part-time

Title:

Job Summary: This is a casual, unclassified, part-time/as needed employee position reporting to and supervised by the Transfer Station Supervisor. Under general supervision, the position works in the absence of the Transfer Station Scale Clerk or other laborers, performing transfer station duties and assisting in other areas as needed. This position will work each Saturday and during the week as needed to fill in for vacancies.

Essential Functions:

- Weighs and documents daily tonnage that comes through the transfer station by weighing incoming and outgoing vehicles, recording incoming and outgoing time and weight, stamping tickets to document tonnage, etc.
- Checks incoming vehicles so that improper materials are not taken into the transfer station.
- Collects payments for dumping of trash.
- Records cash received and maintains records of all weight slips processed.
- Uses a calculator to total daily tickets, pricing of loads, etc. Types daily report of tickets for days worked.
- Sorts and separates materials to be recycled or diverted from the landfill; mows grass, pulls weeds, trims shrubs and trees; plows and shovels snow; picks up trash; paints facilities; sweeps floors and pavement; and maintains roadways.
- Performs various unskilled manual labor tasks to assist in departmental operations. Empties trash, sweeps floors, picks up paper, cleans equipment, etc.
- Physically moves tools and supplies from one location to another.
- Cleans truck beds following use. Tarps transfer trucks.
- Operates roll-off truck as needed.
- Assists other departmental personnel as required.

Marginal Functions:

• Performs other related duties as necessary or assigned.

Requirements:

Must have a high school diploma or equivalent and acceptable driving record for insurance and liability purposes. A valid Class B Ohio commercial driver's license (CDL) is preferred. Must pass a Department of Transportation (DOT) physical examination. Basic math, cash handling, and bookkeeping skills; ability to follow safe practices and procedures, ability to work with general supervision; ability to perform physical tasks requiring lifting, bending, stooping, kneeling, reaching, pushing, and pulling, ability to develop and maintain effective working relationships with supervisors, the general public, and co-workers are required. Must exhibit

TUESDAY

SEPTEMBER 4, 2012

courtesy in dealing with people and be an effective communicator. Must demonstrate accuracy and attention to details. Must be able to perform all the essential functions of the position with or without reasonable accommodation.

Working Conditions

Both indoor and outdoor work is performed, depending on need. Environmental conditions may vary depending upon weather and where duties are performed and can involve working in extreme cold or extreme heat. The work involves clerical/recordkeeping duties as well as physical exertion as described above.

At 9-30 a.m. Public Comment

Dennis Sokol, Airport Authority Board President, came before the board and presented a letter that he drafted that is in reference to a newspaper article that was in the Norwalk Reflector on August 29, 2012 in reference to a proposal submitted to the board from Mr. Essex and Mr. Frankenfield at the Tuesday August 28, 2012 commissioners' meeting. Mr. Sokol stated that he is just referencing what he read in the paper as he did not receive a copy of this proposal and has not had a chance to review it. Mr. Sokol stated that this plan had not been discussed at any airport board meeting.

TUESDAY SEPTEMBER 4, 2012

HURON COUNTY AIRPORT AUTHORITY 961 U. S. Route 20 East Norwalk OH 44857 419-668-5400 September 4, 2012 Mr. Gary Bauer, President, and Mr. Larry Silcox and Mr. Joe Hintz Huron County Board of Commissioners 180 Milan Avenue Norwalk, OH 44857 Dear Commissioners: neaday, August 29, there was an article in the Norwalk Reflector about a proposal to you by Carl Essex, and Donald Frankenfield, at your Tuesday, August 28 sners' meeting. The proposal was about releasing land on the south side of the airport, and the side of the airport, to allegedly reduce maintenance costs at the airport. First, this proposal was not discussed at any previous Airport Authority Board meeting and represent a formal consensus of the majority of the board members nor the board as Purdermore, Mr. Essex's and Mr. Frankenfel's proposal to reduce the land area represent Airport Layour Flam would be deturnental to the financial operations of the airport and vectors to exerting costs in any significant way. tance to optiming cosis in any significant way. Regarding the property line on the south, the airport has only mowed the area in question once this year and probabily will mow it once again this fall at a total cost of about \$156. At the May 16 Authority Board meeting, the mowing plan for the year way as discussed and it was accided that and the nurway airlay areas (BSA) and the Runway Object Free Areas (ROFA) needed to be mowed on a regular basis. The price of land which first the south, and includes approximately 10 acres, is for family and the any and the support's instantion to lease this area out for faming, thereby triagging it additional revenue and perging the tored to mow r.

Norwalk-Huron County Airport 5A1

rding the land which abuts U.S. Highway 20, this is currently revenue producing land which rates much more than the cost to mow its adjacent areas. Furthermore, parts of this parcel, which of the original anyort hand sequired in 1967, have been pargammed for future airport uses ding: T-hangurs, a storm water reletion area, parking, and future commercial lease area (see teel). It is the only individual valuable to the airport for development. The airport needs to retain this erty to assist it in being as economically self-sustaining as possible. Appendix R of the FAA Compliance Manual specifies the components of the Airport Layout Plan and defines the process for developing and modifying the ALP. Section B., #7, describes the Land

Land Use Drawing - Depicts recommended use of land within the airport boundary and in the vicinity of the airport; primary purposes are to provide airport owner with a plan for leasing revenue-producing areas and to provide guidance for establishing appropriate zoning.

Re: Abandonment of WWTP's and Installation of Lift Station and Force Main

112052

Dear Mr. Schwartz I have been in contact with Josh Snyder regarding the connection of Eagle Creek Estates and Golf Corner to your lift ration. Josh is determining whether the excisiting gravity snainty severs have the capacity to accept the higher flows. As of yestendy Josh and not made this have the segment of the state of the main to handle your sewage flows only (50 gallon per minime).

I spoke with John Schafrath with ODOT and he said that they will require a casing pipe across the full width of the right of way. They will permit the use of a HPDE (high density polyethylene) casing pipe, same material as the force main.

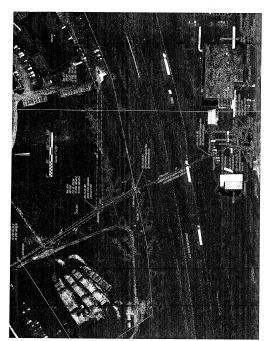

I have attached a site plan showing the layout of the force main and lift station. The force main size is 3 inches in diameter and the casing pipe is 8 inches in diameter. The lift station has a 5 foot danneter were well approximately 12 feet deep. Again the lift station afforce main is state to handle your facility only. I have included a simple telephone dialer system to notify you of any alarm conditions at the lift station after lift.

With the force main alignment as shown there will be two easements required, one from the City of Norwalk and one from the hospital.

I have determined an updated construction cost for the 50 gpm lift station. My current estimate is \$116,\$75.00. If you include the emergency generator the cost is \$131,\$75.00.

NEXT STEP; If lift station and force main only serves Christie Lane Industries (50 gpm).

Verify that essements can be obtained from Norwalk and the hospital.
 Obtain approval from City of Norwalk to connect to their sanitary sever system with a
 pump rate of 50 ggm.
 S. Complete ODOT Permit

TUESDAY

SEPTEMBER 4, 2012

Mr. Bauer stated that we are prepared to go out to bid next week which includes the Laylin Road Farm, the Esker Drive Farm and the State Route 601 Farm. Mr. Bauer also stated that we can discuss adding an additional 10 acres to lease. Mr. Bauer stated that it is his understanding that there is no road access to the State Route 601 Farm and that the only person that can bid that one is the person running the joining farm. Mr. Sokol stated that if there was some interest we could put in a new culvert as was discussed at a board meeting earlier this year and feels that they would actively go back and look at that again. Mr. Bauer stated that if you want that extra 10 acres bid a decision will have to be made before going out to bid next week. Mr. Bauer asked what it cost to mow. Mr. Sokol stated that they pay Douglas Aviation \$12.00 per hour to mow and he said that he could do the entire airport in 40 hours so that is \$480.00 but again we backed off that decision and are only doing the safety areas and the object free areas. Mr. Sokol stated so he does not have an exact number to give him. The mower was out of action for quite some time until Tom worked on it and Doug used it here about two weeks ago and did a considerable amount of area so we will know at our board meeting because we will get an invoice for the time. Mr. Sokol stated that typically they have budgeted around \$2,500 or \$2,600 for mowing. Mr. Bauer stated that the only counter he has on this is that you anticipate what J.W. and Walter would vote and doesn't feel that is a good idea as he would never anticipate what Larry and Joe would vote. Mr. Hintz stated that there are two things that Mr. Sokol commented on that trouble him and that is one we talked about things that are not necessarily on the record. Mr. Hintz but it should be on the record and they should have good records as to what transpired at the meetings and you also presumed that J.W. and Walter are in agreement with you and you said that you discussed these things. Mr. Hintz stated that legally they can't do that. Mr. Sokol stated that one on one you can, Mr. Hintz stated yes but you were talking like a group. Mr. Sokol stated that they haven't discussed it as a group but he knows J.W. position on this because he spoke to him about it and that J.W. called him. Further discussion was had and Mr. Sokol stated that Airport Authority Board's by laws gives the president full management authority. Mr. Hintz stated full management authority which means you decide what is going to happen. Mr. Sokol stated that if there is a decision to be made between board meetings and we have to make it such as signing a document to the FAA then we have to go back and verification by the board and unfortunately it can be reversed but those are our by laws and in the period that we didn't have a manager there someone had to make decisions. Mr. Bauer discussed the removal of the trees at the airport and the park. Mr. Silcox asked Mr. Sokol what his feelings are in regards to the trees. Mr. Sokol stated yes and that he had spoken with Mr. Suhanic. Mr. Silcox asked Mr. Sokol if he personally approved of the commissioners cutting these trees or what is your feeling. Mr. Sokol stated that they do not have complete information yet and all that he knows is from his conversation with Mr. Suhanic and now what he just heard from Mr. Bauer is that they came out and took a look at the trees and he understands that the chippings are to go to some company that makes pallets for wood burning furnances and that is all that he knows and they are waiting to get more information. Mr. Silcox stated that doesn't answer his question. Mr. Bauer stated that he assumes that new Tuesday they will approve it and his understanding is that they will move in quickly and we will receive a certain amount of dollars for the wood chips and we would receive 50% for any logs taken out. Mr. Bauer referred to the contract and explained further. Mr. Silcox stated that his simple question is do you approve of the commissioners having the trees cut. Mr. Sokol stated yes if it is a complete job and that is the detail that he does not know because this has been done before apparently about 10 years ago the county was involved in cutting trees and the trees were not taken down below ground level and the stumps removed and as a consequence all the growth has come back. The question is how extensive of a job are they going to do but he doesn't know as they have seen no details. Further discussion was had as to how this would all be done and Mr. Bauer read from the contract.

TUESDAY

SEPTEMBER 4, 2012

Larry J. Silcox moved to approve purchasing flu vaccine for county employees at \$12.00 per vaccine/150 total for a cost not to exceed \$1,800.00. Gary W. Bauer seconded the motion. The roll being called upon its adoption, the vote resulted as follows:

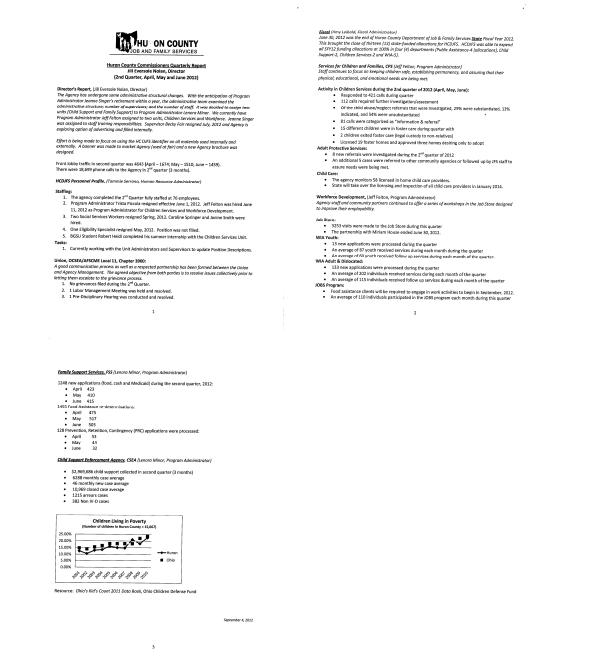

Aye – Gary W. Bauer No – Joe Hintz Aye –Larry J. Silcox

At 9:59 a.m. Dr. Dee Zeffiro-Krenisky, Christie Lane Superintendent and John Swartz, Work Shop Director came before the board in regards to a new waste water treatment plan. John Swartz stated that they have a small plant that was built in 1972 and expanded in 1981 and that is what they have today. They are having problems with this and the plant hasn't been flushing out properly and the EPA have become involved and so now they have to do something different than what they have now. Mr. Swartz stated that the best solution and the one that EPA likes to most is for them to plug into the city sewers which involves boring under route 20 and they have approval from the city and they have a tentative promise of an easement from the hospital to tie into the city sewers right at the corner of the Fisher Titus campus. They have a quote to do the work they have not gone out to bid yet as that is why they are here today to talk to the board. The best solution is to spec the pump station and the size of the lines going across to city specs and then after it is built we can gift it to the city and they will own and maintain it and it will be their pump station on Christie Lane property. Mr. Bauer asked what size the line would be. Mr. Swartz stated that the size of the line would be pump at 200 gallons per minute and the size of the line would be six. Further discussion was had in regards to the size of the plan that Christie Lane would build the station and gift it to the city. The county would have to allow an easement to the city to be able to gift it. Mr. Bauer asked who is responsible for the cost of the upgrade. The cost would increase from \$131,575.00 to \$163,550.00. Mr. Swartz also stated that they are also talking with Eagle Creek to see if they would share in the cost of the upgrade for the city. Mr. Swartz stated that doing the upgrade depended on the county approving the easement to the city. The board agreed that they did not feel that would be a problem. Dr. Zeffiro-Krenisky asked if once they get the specs ready and are ready to move forward does the board want them to come back. Mr. Bauer stated that once they are ready to have the easement approved send something up to Cheryl Nolan and the board will approve by motion and second. Discussion was had in regards to the Help Me Grow program, Christie Lane schools attendance as Mr. Bauer asked how many attended Christie Lane School and the answer was twelve students. Dr. Zeffiro-Krenisky stated that where they are seeing their growth is at the younger end, three and below and above twenty-one and further stated that her board is reviewing right now what they are going to do with Christie Lane School with twelve students and what is the next step and how do they address those issues and how they continue to provide a support to children with disabilities that happen to be school age. We continue to look at this and in the work shop we have five individuals that have either partnered or formed their own businesses. Discussion was had in regards to the young man that has started his own cookie business and further discussed the coffee shop at the hospital and it is looking like they will open doors on January 1, 2013. Mr. Hintz also asked about the duct system at the Gerken Center and stated that he had looked at it and that he will work with Tim Bettac, HAVC to clean them but feels that there is much work that needs to be done but that it will be taken care of.

OTHER BUSINESS

Discussion was had in regards to invitations to up coming events. Mr. Silcox asked about the charge backs and the letter received from transportation in regards to additional money. Need to budget for next year. Mr. Bauer discussed his discussion with Lucinda Smith, Senior Enrichment in regards to transportation. Mr. Bauer stated that they had asked for the county to provide the match for the vehicles but they had to send that in by the first of September and the application to operate the transit has been sent to the state and they did not request a vehicle and Mr. Bauer stated that he gathered from Ms. Smith that once that application went in that it would not be changeable. Discussion was had in regards to the DJFS vouchers with Transit with Director Jill Nolan. The board agreed to look at the request from Senior Enrichment for next year's budget and will add to the 2013 budget file.

<u>At 10:30 a.m</u>. Jill Nolan, Director DJFS came before the board to present the quarterly report as follows. Ms. Nolan explained the several changes in staffing that have been made this quarter and further reviewed each department.

At 10:52 a.m. the board recessed.

At 11:17 a.m. regular session resumed.

<u>At 11:18 a.m.</u> Larry J.
