*Discussion: Mr. Boose said this was also something they had been working on for a while. Ms. Ziemba explained this puts the position into more of a supervisory role. The FLSA provides exemption for overtime and on call pay. It also allows him to do his job however he needs to do it. Mr. Boose noted Mr. Minor had agreed to this, and they had done a salary adjustment since it would take away from overtime pay.

BE IT RESOLVED, that the foregoing resolution was adopted and all actions and deliberations of the Board of Commissioners of the County of Huron, Ohio relating thereto were conducted in meetings open to the public, in compliance with all applicable legal requirements, including Section 121.22 of the Ohio Revised Code.

Joe Hintz seconded the motion.

*Discussion: Ms. Ziemba stated that Ms. Blevins said the transfer was due to the fact Board of Elections had deposited \$552 from the Secretary of State for PPE for the 2021 Primary Special Election.

Mr. Boose noted that the resolution reads "WHEREAS, there is a need for appropriation adjustment,". He did not believe the need for the appropriation adjustment had been given to them; it had not been discussed. It had not been asked for in the budget. They were taking part of the General Fund money, it had nothing to do with the money coming from the State. Mr. Boose felt this was just money coming from the budget into Board of Elections' budget with no reasons why. He will be voting no.

The roll being called upon its adoption, the vote resulted as follows:

OLD BUSINESS

Cook Road. Mr. Stephens thought Mr. Strickler's intent was to still get an Order from the Court granting a permanent injunction to prevent the landowner from doing this again in the future. This will make it easier for the County to remedy the situation without having to go back to Court. They will just have to present at notice to the Court of what they are planning to do.

At 9:30 a.m. Mike Clark, Law Library. Mr. Clark was in to request some repairs at the Law Library. He stated the library was about 10,000 square feet. The carpet had deteriorated throughout the library, but there were two areas where it was really bad. It had become a trip hazard and liability risk. Mr. Clark was asking that these two areas be replaced. He had obtained estimates from both Hill's and Balduff's. Hills was the best at about \$6,000.

Mr. Clark's second request was that the bathroom in the Law Library be fixed. He explained that the Courthouse had been rebuilt in 1912-1913 after a fire. They allocated a certain number of bathrooms to take care of the population and the patrons coming in. One of those bathrooms was in a horrible state of repair. It hadn't had water in a long while. This situation created an overload on the other bathrooms. In addition, the Office Building does not allow the public to use their restrooms; they send everybody to the Courthouse. That puts additional stress on the Courthouse restrooms. Finally, the bathroom was located next to the Jury Room, and there were always quite a few people in there. When they have to use the restroom they have to walk through the Courthouse to find one. Mr. Clark had Seitz Design and Construction come in to give an estimate. They said it was a complicated job because they would have to tear out walls and run new pipe. Their estimate was around \$17,000. He also called Tusing, but they would not even come look at it. The total for both the carpet and the bathroom came to \$23,895.60.

Mr. Boose noted that when the Courthouse was remodeled in 1912 the building was used in a totally different way than it was now, and it was used much more then. Mr. Clark was aware of this. Mr. Boose asked if Mr. Clark had numbers as far as how many people used the third floor on a daily basis. Mr. Clark did not know.

Mr. Boose asked Mr. Welch if he knew how many public restrooms were located in the Courthouse. Mr. Welch did a quick count, noting that the largest was in the basement. Mr. Boose suggested putting a sign at the front of the Courthouse indicating public restrooms were located in the basement. Mr. Minor explained that the public restrooms in the Office building had been re-opened. Mr. Welch stated the restroom on the third floor had never worked since he started working at the County. The plumbing needed to be replaced. He asked Mr. Clark if he wanted to make them public so the public would have to walk through the Law Library to get to them. Mr. Clark would like to, since the public uses the Law Library. Mr. Minor pointed out that these restrooms were near a stairwell that opened to the Judge's quarters. Ms. Hazel did not think the Court would like that and thought they should be consulted. As Clerk of Courts she suggested that, before moving ahead, that the Judges and Clerk meet with the Law Librarian so everyone was on the same page. It was definitely a security issue. She said that for the last 18 years the room adjoining the restrooms had had very limited use and was not for general public access. Mr. Boose asked if that was the only place for the Jury. Ms. Hazel said it was not, it was only used if they had two trials going on at the same time. The primary Jury Room was on the second floor. Mr. Hintz thought it sounded like the bathrooms hadn't been used in years, but weren't really needed. Mr. Boose said the problem was lack of water pressure in that bathroom. It would be a very costly fix.

OLD BUSINESS / NEW BUSINESS continued

GLCAP CHIP. Ms. Ziemba indicated GLCAP sent in their RFQ for review. There was an evaluation form that she will send out to the City of Norwalk and Willard.

Township Trustee meeting on Thursday. They will need ten trustees present for a bid opening.

Friday at 10 a.m. Zoom meeting with CEBCO.

Meeting with OSU. Ms. Ziemba sent an email requesting a Monday meeting. She has not had a response.

Mr. Boose had read the Statehouse report. Transportation bill was signed into law. No change to Force accounts.

The Board had a meeting with the federal government that was supposed to explain the RESCUE Act. Mr. Boose said he got nothing out of it; it was a waste of time. So much so that he called CCAO and suggested they need to have more information on those meetings. He had another meeting he could have attended. Everyone agreed it had been a waste of time.

CCAO is still working on the Regional Meeting. Date still has not been set.

CORSA renewal. Mr. Wilde said they had provided general information, they did not go over every county. Ms. Ziemba said it was up slightly from last year. Mr. Wilde would like to compare last year's invoice with this year's.

At 10:00 a.m. 1st Public Hearing for the Community Development Block Grant funds that the County plans to apply for. Mr. Boose opened the public hearing. Tiffany Shaver, Great Lakes Community Action Partnership, provided information on the CDBG grant.
