The Board of Huron County Commissioners met this date in Regular Session. Roll being called found the following members present: Terry Boose, Harry Brady and Bruce Wilde.

Pursuant to Ohio Revised Code Section 305.14 the Record of the Proceedings of the August 31, 2021 meeting(s) were presented to the Board. Bruce Wilde made the motion to waive the reading of the minutes of the August 31, 2021 meeting(s) and approve as presented. Harry Brady seconded the motion.

*Discussion: Mr. Boose stated in these minutes there had been discussion about sending a letter to the State Representative, Senator, Senate President and Speaker of the House regarding unemployment. Mr. Boose wants to ask them to totally redo the Department of Unemployment office. There was \$3.4 billion worth of fraud, which he found unacceptable. Businesses are not happy. And the \$3.4 billion was only the fraud from being hacked, it did not include fraudulent claims.

Voting was as follows:

Aye – Terry Boose Aye – Harry Brady Aye – Bruce Wilde

At 9:05 a.m. Public comment. Nate Pedder, Apex - update on Emerson Creek project. Mr. Pedder stated they were still waiting on the Power Siting Board to make a decision on the application for re-hearing. In the meantime, they will be filing an amendment for a few small changes to the project. He anticipated it would be a three- to six-month process working through these changes. Construction was still expected to begin late next year. They have a meeting scheduled next week with Mr. Strickler and Mr. Tansey to discuss the RUMA. The Board encouraged Mr. Pedder to communicate with Ms. Ziemba so they could put him on the agenda in the future.

At 9:11 a.m. the board recessed. At 9:15 a.m. the board resumed regular session

21-303

IN THE MATTER OF CERTIFYING CLAIMS SCHEDULE FOR PAYMENT BATCHES TO THE HURON COUNTY AUDITOR FOR PAYMENT:

Bruce Wilde moved the adoption of the following resolution:

WHEREAS, as per Ohio Revised Code 305.10, a resolution must be made by the Board of Huron County Commissioners to accompany the Claims Schedule to the Huron County Auditor's Office for payment; now therefore

BE IT RESOLVED, that the Board of Huron County Commissioners does hereby approve Claim Register for Payment Batches #324082 and authorize the Huron County Auditor to make the necessary warrant; and further

BE IT RESOLVED, that the foregoing resolution was adopted and all actions and deliberations of the Board of Commissioners of the County of Huron, Ohio relating thereto were conducted in meetings open to the public, in compliance with all applicable legal requirements, including Section 121.22 of the Ohio Revised Code.

Harry Brady seconded the motion.

*<u>Discussion</u>: Mr. Boose noticed that Probate Court had purchased hand sanitizer and wipes. He thought they should send out another notice to all Elected Officials/Department Heads that our maintenance staff has sanitization supplies and masks. They do not need to purchase them, they can get them from our staff.

Mr. Boose will abstain from the payments to Norwalk Concrete Industries.

The roll being called upon its adoption, the vote resulted as follows:

*Discussion: Mr. Boose explained that when the County lost the HR Director a few years ago, he was replaced with the Director of Human Resources from JFS. They dedicate part of their time to JFS and part of their time to the rest of the County. When Ms. Armstrong left, we did not need a full-time person to replace her. It will work out very well that we can use Ms. Milks. The County has gone from two full-time employees to two part-time contracts.

September 28, 2021

Ohio Governor's Office of Workforce Transformation Ohio Development Services Agency Industry Sector Partnership Grant

Dear Industry Sector Partnership Reviewers:

The Huron County Commission respectfully submits this letter of commitment and support for the Tourism, Hospitality and Main Streets of Ohio's North Coast Sector Partnership project.

Huron County boasts a diverse economic base in main street small businesses, manufacturing, and agriculture. Each aspect of our economy is supported by our quality of life and sentiment that residents can build their own opportunities, including entrepreneurship. The North Coast ISP around Tourism, Hospitality and Main Streets would provide critical tools and resources to support more pathways to small business ownership, tax generating visitor traffic, and a quality place that will draw population back to Ohio.

As leaders of our community, the Huron County Commission is committed to fostering the ISP's success. The proposed project will support our efforts to recruit, develop, and retain a more diverse, qualified workforce in undersupplied occupations and to shore up the economic future and quality of life in Erie, Huron, and Ottawa Counties. In support of project's goals, the Huron County Commission is committed to collaborating by:

- Spreading awareness of the ISP among Huron County businesses and residents
- Promoting employment and entrepreneurship opportunities provided by the sector
- Connecting County resources that can support the workforce development effort, like our OhioMeansJobs center and its training programs
- Serving as an advisory board member for the lead applicant Erie County Economic Development Corporation, dba Firelands Forward

With over 50% of our county's residents leaving the county for work each day, we believe regional collaboration is necessary in addressing area talent needs. We look forward to working with other ECEDC ISP partners to build, support, and sustain this partnership.

Sincerely,

THE BOARD OF HURON COUNTY COMMISSIONERS Terry Boose, Harry Brady, Bruce Wilde

Bruce Wilde moved to approve signing the letter of support. Harry Brady seconded the motion. The roll being called upon its adoption, the vote resulted as follows:

Aye – Terry Boose Aye – Harry Brady Aye – Bruce Wilde

At 10:04 a.m. Pete Welch, Director of Operations and Steve Minor, Working Custodial. Project updates. Mr. Welch passed out the original matrix from 2017 that included what they thought they needed to do at each facility and the cost that time:

<u>Underground storage tanks</u>. They will be doing the remedial action plan (RAP) at Shady Lane in the next sixty days. Remediation of that site will probably be sometime in early 2022. The Airport is done. The abandoned wells are still out there, but once those are done there will be nothing left to do at the Airport.

<u>Snow plowing</u>. Mr. Welch was looking at costs from contractors that are below the bidding threshold. Looking for someone to do the plowing and we will salt ourselves. Believe we will save money in the long run.

Building assessment update:

Mr. Welch explained the matrix from five years ago. They had gone through everything from site improvements to structural, mechanical, electrical, plumbing, fire and security systems at each facility. Everything was graded "good", "fair" or "poor", what the life expectancy was, and estimated cost at that time. The parking lot at the Administration Building has been done. Sidewalks have been taken care of. Board of Elections were required to have more lights out back; that has been taken care of. The sign out front was gone, but now there was talk of replacing it. Damschroder looked at the roof on the Administration Building and determined it had a solid five years left.

Mr. Welch said the things that had not been done, and had been graded "poor" at the time, were the electrical and plumbing work. There haven't been any issues, but Mr. Welch thought it was something they would have to revisit. Also, the elevator had rated as "fair", but he thought it was probably more of a "poor". Mr. Boose wanted to make sure that electrical and plumbing was taken into account when they redid the bathrooms. He did not want to have to tear the bathrooms up again later to put in electrical and plumbing. Mr. Welch said he would take a look at it and noted that the bathrooms were at one end of the building and the water comes in at the other end.

22 E. Main Street. The parking lot has been redone and resealed. The roof has been estimated to be good for 5 to 7 years. However, Mr. Welch would like to keep it in mind for the next few years. One of the heat pumps had been replaced and he thought they would have to look at the other one in the near future. Nothing had been ranked "poor" at that facility at the time - all the windows had been replaced in the past. Mr. Boose thought the lights on the first floor should be rated poor and put on the list.

BMV/Title. New building, nothing going wrong.

<u>Courthouse</u>. Parking lot has been done. Mr. Minor has been doing a great job with the landscaping. Ms. Ziemba mentioned the Courthouse ramp. She had received an email from Ms. McConnell asking if they wanted to do a second bid with the hope the project could be completed this year? Or would they rather do it in January to get on the schedule for first thing in the spring. Mr. Boose suggested they ask the architect. Ms. Ziemba will email Mr. Monnin.

Building signage. Mr. Welch said they had listed it as "poor", but he didn't have any notes and didn't know why. There are no signs. Mr. Boose did not think they needed a sign on the Courthouse. Unless the Judges requested something he did not see any reason to change anything.

Courthouse roof has been done, there have been no issues. Damschroder comes back every year and inspects it.

Mr. Welch outlined the issues at the Courthouse that had not been addressed. HVAC had been addressed, but not the electrical or plumbing. Electrical and plumbing have never been upgraded at any of the facilities. The elevator at the Courthouse had been reconditioned. Mr. Boose thought the floor of the Courthouse should be a priority – right when you come in the building. Ms. Ziemba was concerned about the historical aspect of the building. Mr. Strickler said he would have Mr. Stephens check into it.

Discussion regarding the electrical and plumbing at the various buildings. Mr. Brady thought it would be a good idea to come up with a plan. Mr. Welch suggested hiring an architect or consultant to come in and look at it. Mr. Boose said that the water heater had been noted as "fair", we may want to look at that too.

<u>Job & Family Services</u>. Parking lot has been done. Lighting had been done. Hopefully the roof will be done this spring. The carpet was the next big project. Mr. Boose thought doing the whole building may be too big of a job. The hallways need updated as soon as possible. He suggested just doing the hallways and putting the rest of the carpeting on a longer term plan. Mr. Brady would also like to add yellow stripes in front of the fire hydrant to designate it as a no parking area.

<u>Shady Lane building</u>. Mr. Boose explained to Mr. Brady that any repairs that are needed out there are charged to Senior Services. They were told they could use the building until they find a place to move to, but they have to pay for anything that has to be done to the building. Mr. Brady thought the building could be repaired very quickly.

Office building. Parking lots, roof and building signage had all been ranked "poor". Mr. Boose thought they needed more professional signage. Mr. Welch had already contacted Foghorn about signs and will follow up. Roof was on the same plan as 22 E. Main Street - five or six years from now. All smoke heads in that building had been replaced last spring.

<u>Treasurer's building</u>. Parking lot has been done. Roof was same status as Office Building. Mr. Welch said they had looked at the front window. It was single pane and had a slight crack in it. It may be time to replace it. He will get estimates.

Mr. Welch asked the Board to review the documents he had given them and think about what needed to be added. They can meet again to discuss what projects they want to think about doing. Mr. Boose would like to put high priority on those items in poor condition.

OLD BUSINESS

Old jail. Ms. Ziemba reminded them Ms. Knapp would be in to provide an update next Thursday.

Snow policy. Ms. Ziemba will set up a meeting for next week to work on this.

Health Department. Mr. Wilde thought Mr. Strickler was working with Mr. Cherry. Mr. Strickler said he was waiting to receive the information from him.

Ms. Ziemba said they would leave the roofs on the list. They aren't done yet, but they are scheduled to be completed in the spring.

Working on JFS carpeting. This was just discussed.

CPR classes. Ms. Ziemba did not know what had happened with this. She will check.

Indigent defense. They just completed that today. She will get it out to everybody that needs to have it.

Budget. Budget sheets had been sent out to all departments for interim budget. Ms. Ziemba was in the process of working with them to set up meetings for everybody to come in.

NEW BUSINESS

Received a Permissive Tax request from the City of Norwalk for the Emerald Parkway/Route 250 intersection. Engineer's office was reviewing and will submit their recommendation. Once they do that the Board can act on it.

The Board had received a letter from Ohio State University saying Huron County Extension was planning a Fall Extension Advisory meeting. The target date was Tuesday, November 9, from 11:30 until 1:00, with lunch to be provided. OSU indicated they would change the date if the Commissioners were not available. The Board thought this would be fine. Ms. Ziemba will let OSU know.

Ms. Ziemba had emailed the Board copies of the Sheriff's transfer requests. The first request was to transfer \$20,000 into his overtime budget. \$15,000 would come from salaries, \$5,000 from PERS. Mr. Boose noted we prepare a budget at the beginning of the year. PERS was difficult to figure out. Mr. Boose did not want them to get the idea that they can over-budget some of these accounts and then use the money for other things. He was against taking PERS money. Taking Salary for Overtime was okay, those were similar. Mr. Boose would also prefer to wait and see what was actually needed, rather than doing it ahead of time. He wanted to see what overtime was for October, then make a decision. Ms. Ziemba clarified they would like a report of overtime in October, then the transfer can take place in November. Mr. Brady suggested they ask for a breakdown of the overtime – the hours and reasons. Mr. Boose thought this would help with budget for next year. Ms. Ziemba specified this transfer was for 023, the Road side.

Ms. Ziemba moved to the next request from the Sheriff, which was \$13,000. They wanted to move \$5,000 from Employee Salaries/023 to their Supply line and \$8,000 from Equipment into their Supply line. This was also for 023, the Road side and was being used to pay for gas. Mr. Boose questioned the dollar amount on the sheet that was attached. Ms. Ziemba explained they had \$18,000 available. Estimated spending averaged \$8,000/month. That was how they came up with about a \$13,852 shortage. Mr. Boose wasn't sure he agreed with that amount and he did not agree with taking money out of Payroll. He did not think money should be taken out of a line item that was meant for a different purpose and used for a totally different purpose. Mr. Wilde agreed, but thought if the Sheriff needed money for gas he should get it. Mr. Boose did not think it would hurt to wait a month to see exactly what was going on.

Ms. Ziemba had received an email from the Sheriff. They had noticed they were not on the agenda for the transfers. They would need these transfers for their next payroll. They also wanted to know if they would be able to use the snow plow for their parking lot. Ms. Ziemba thought it sounded like they wanted to use the County vehicle to plow their own lot.

At 11:25 a.m. the board recessed. At 11:32 a.m. the board resumed regular session

Mr. Boose had a discussion with Mr. Welch regarding snow plowing. For the most part, Commissioners' staff has plowed the jail. There had been a couple times when the Sheriff hadn't liked how long it took, so Mr. Zurcher had done it with the County vehicle. Mr. Welch said the quote he received from Marrett indicated they were going to make the EMA/Sheriff's area a high priority. However, the equipment will still be sitting in the garage as a backup if they are not happy with the time it takes Marrett to do it.

Ms. Ziemba wanted to go back to the other part of the request, where the Sheriff had indicated he needed the transfers for the next payroll for Employee Overtime. Mr. Boose had no problem approving the \$15,000 today. Ms. Ziemba explained she would have to prepare a resolution; the Auditor's office cannot do it with a motion and second. Discussion followed on both transfers. Ms. Ziemba confirmed the Sheriff did have enough money for this week's payroll.

Mr. Boose asked about the last transfer for the Sheriff. Ms. Ziemba said the total was \$724.52 they had been reimbursed from the Erie County Health Department for staff overtime hours for the First Responders grant. That money had been paid into the General Fund. The Sheriff was asking that the money go into Employee Overtime/023. Everyone agreed this made sense. Ms. Ziemba suggested waiting and getting all their questions answered from the Sheriff next week on the other two requests. Everyone agreed this would be okay as long as he had the money available until then.

Auditor's letter and budget requests. Ms. Ziemba began down the list of items. Mr. Tkach's letter indicated Capital Improvements, other than expenses, had a balance of \$270,000. He wanted to know how much of that was being used. Mr. Boose said the plan was to have all of that spent – all of it had been committed.

Next was Miscellaneous/Other -040. Ms. Stebel had indicated there was \$222,000 left. Ms. Ziemba explained that is the account that pays for any property taxes, Clemans & Nelson, the courier contract, autopsies, payments to Norwalk City Schools for their portion of the farm rent, etc. She thought a good bulk of it would be spent. Mr. Boose agreed.

Next was Contingencies, with a balance of \$394,000. This account was for emergencies. If they had to transfer money from the Sheriff for his overtime, this is where it would come from. Mr. Boose thought they should keep enough in the account because contingencies was just that.

Transfer Out. Ms. Ziemba stated all the numbers in this account were what they had budgeted for projects. They had committed \$3.3 million. Some of these costs would have to be reduced. The bonds will be spent completely. Ms. Ziemba noted the Board should receive a bill from Victims' Assistance in October. Mr. Strickler said it would be roughly \$15,000; Ms. Ziemba said they had estimated it at \$20,000.

Benefits Reserve fund. Everyone agreed to moving the entire \$185,000.

Broadband Internet infrastructure. They had set aside \$500,000 for this project. Mr. Boose did not think they would use it all this year. After discussion it was decided to give back \$400,000 and keep \$100,000 to possibly use this year.

Prosecutors new attorney. Money has already been transferred to that account.

Jail improvement. Already moved to Jail Permanent Improvement/315.

NORD Center \$20,000. Payment already made.

Airport HVAC. Still a pending project. Waiting on the ditch project. Mr. Boose thought they would need the funds this year.

Health Department vendor licenses. \$70,000 will be transferred once we have the MOU.

\$220,000 for landfill legal fees. Already done.

Board of Elections equipment. This has been done.

Airport ditch maintenance project - \$18,890 has already been transferred.

Ms. Ziemba noted that the total amount committed was over the amount they had budgeted. They will have to reduce somewhere. Permanent Improvement was the largest amount. After discussion it was decided to move \$750,000. They would be cutting short Permanent Improvement and Broadband. Mr. Boose remined them that, when they do budget for 099, they will need to put those things back in.

Retirements. Mr. Boose asked if this could be carried over. Ms. Ziemba said it could. Whatever was not used would be in the estimate for the final. Depending on the retirements, the \$70,000 could go down. It was agreed to leave this. Ms. Ziemba explained this could also be used for other benefit payouts.

Ms. Ziemba was not sure about the 040 account. There was about \$200,000 in there. She did not want to take the chance of cutting it. Everyone agreed. Mr. Wilde did not think they could go wrong keeping it. If they don't use it, it goes back into the final. They don't want to cut themselves short if something were to happen.

Mr. Boose asked Mr. Wilde to start with meetings he had attended last week, rather than ones scheduled for this week and next week.

Mr. Wilde attended the WIOA meeting. They got a little off-topic, but learned some things about Medicaid. Mr. Boose said that Ms. Bick had checked on what had been said and agreed that what JFS said was correct. Mr. Wilde explained that once someone was on Medicaid during the pandemic, they stayed on it. Even if you go to work and make \$6,000/month, you are still on it. Ms. Bick had confirmed this was correct. Representatives from Congressman Gibbs' and Jordan's office had been in attendance. They now know this has to be corrected.

Mr. Wilde attended the United Fund kickoff. Was very short.

Yesterday was Board of Revision. Next meeting is October 18 at 9:00 a.m.

Mr. Wilde received the MOU from Mr. Cherry at the Health Department. Mr. Cherry had asked if they wanted to discount license fees for next year based on this year's numbers. He did have 2022 numbers available. Mr. Wilde thought they should use those, as they were most relevant. Mr. Boose said they will need to know specifically what those fees were to make sure they have enough money set aside. Ms. Ziemba asked how soon they would know - she needs to know before she can answer Mr. Tkach. She asked if they wanted to increase the 70,000 if necessary. Mr. Boose said they could if they needed to.

Mr. Wilde had been working with the City of Norwalk and some of other communities regarding a new inspection group for Huron County, Built Safe. Mayor Light wanted to make a decision. Mr. Boose would like to know more about what the plan was, what the cost would be, and if there were any services the County would have to provide. Ms. Ziemba noted that currently the County doesn't pay Richland County Building anything. Mr. Boose said we also don't have to do anything.

Mr. Wilde had sent them the quote for the wifi for the fairgrounds for their review.

Purple Heart ceremony at 6:00 p.m. at Clark Park in Monroeville.

Leaving at 7:30 a.m. tomorrow for Columbus for ARAP Symposium.

Mr. Wilde has an interview at 2:00 p.m. on Thursday. He will not be able to attend the Records Commission meeting. Mr. Boose asked Mr. Brady if he would be able to attend. Mr. Brady said he could. Ms. Ziemba said the Commissioner's office had submitted an updated Records Retention policy. Ms. Stebel had worked on it, so Ms. Ziemba will see if she can attend.

Last Friday Mr. Brady attended the meeting with Nord Center and LACADA. He found it very informative.

He attended the Recovery Walk on Saturday morning.

Yesterday Mr. Brady attended Prevention Coalition. They have some programs they want to bring into the schools.

Mr. Brady will attend the Monroeville ceremony tonight, he will be in Columbus tomorrow, Thursday he will attend Records Retention meeting and then Friday will be the Auditor's.

Mr. Boose attend WIOA on Wednesday.

Thursday morning at 8:00 a.m. Mr. Boose had a meeting with small businesses - this was by their definition, not the governments. Discussed workforce development. Same issues everyone else has, but a lot more falls back onto the owners. They requested regular meetings around the County.

Friday met with NORD Center and LACADA. They would love to be able to provide services to Huron County. The Board explained to them that would be up to MHAS. Mr. Boose suggested they also talk to Ms. Minor. They will set up a meeting with all parties.

Mr. Boose learned that Huron County was expected to receive \$513,102.45 over 18 years from the opioid settlement – if we receive the 70%. 100% was about \$733,000. He wanted to talk to the Judges, the Sheriff, MHAS and JFS and see if there were any projects they haven't been doing because they don't have money. Maybe this money could be used for that. The One Ohio Foundation has been created and the State has been divided into regions for the distribution of this money. Huron County was part of Region 19. Region 19 was either going to have \$18 million or \$26 million. Mr. Boose did not think that was a lot for the size of the district. The County would need to designate a representative to the One Ohio Foundation to attend the regional meetings. After discussion it was decided that Mr. Wilde would represent Huron County. Ms. Ziemba clarified that the email said they should designate a representative from the Board, as well as the County Prosecutor. The first meeting was scheduled for October 4 at 1:00 p.m. It would be virtual and was being hosted by Medina County. The meeting was to discuss the creation and governance of this board. Once created, the board will designate a state representative for the region.

Mr. Boose attended the Recovery Walk last Saturday.

Yesterday was the regular workforce development meeting. They discussed how businesses could plan long term for the shortage of employees. Mr. Boose again stressed that the unemployment system needed to be redone. Businesses are struggling. Mr. Wilde was concerned these issues would lead to the closing of a lot of "mom and pop" small businesses.

HB66 was receiving testimony. Mr. Boose thought it was an excellent bill. Requires tax departments to do a biannual report on tax expenditures and include information on property tax exemptions.

SB93. CCAO was opposed to this bill. Supports continued discretion for Commissioners to adjust the sales tax rate up to 1.5.

There will be a County Job Fair on October 7. Ms. Ziemba will try to get out there.

Muck Crop breakfast will be held October 7, 2021. No time or place was listed.

Mr. Brady had an Airport Zoom meeting scheduled.

Mr. Boose stated there was a GOWB (Greater Ohio Workforce Board, Inc.) scheduled. This was the new name for Area 7.

Mr. Boose had a meeting scheduled with OSU on Thursday.

At 1:17 p.m. Bruce Wilde moved to adjourned. Harry Brady seconded the motion.
