Administrator/Clerk's Report

Cheryl Nolan discussed the capital improvement projects that can be added to the bond resolution. Gary Bauer will call the architect to inquire about the status of the vestibule plans.

OTHER BUSINESS

Larry Silcox discussed the SWD plan agreement with Norwalk. Mr. Silcox stated that the Norwalk city law director will put together the final draft and bring to the board for their approval. If all is approved it will be able to get this to the EPA before the deadline.

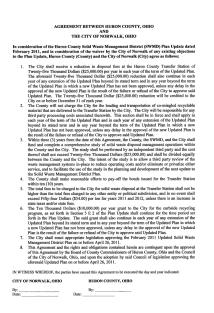

Gary Bauer discussed the BMX and Soccer leases and presented the name of the new president of the

THURSDAY

APRIL 7, 2011

youth soccer. Mr. Bauer stated that he will further discuss the BMX lease next week.

At 9:43 a.m. Pete Welch came before the board to presented the draft Agreement between Huron County, Ohio and the City of Norwalk, Ohio emailed to him from the city. Mr. Silcox and Mr. Welch stated that it is not what they had agreed to at the council meeting. Number 1 and number 2 have been changed. Number 3 is ok and Number 4 is ok Number 5 is ok. Number 6 is not ok as it is already committed to them in the plan and does not need to be in a side agreement. Mr. Welch will call the city to discuss.

Mr. Bauer stated that the Huron County Farm Bureau invited the board to the Agriculture 101 course and there is one being held at the Lorain County JVS and is set up for Dog Warden's, Animal Control officers, County Commissioners and the Sheriff Deputies. Mr. Bauer stated that he would like to participate in that but there is a problem with this to do this. We have already changed the meeting dates around. Mr. Bauer stated that he would be missing a commissioners' meeting but he is going to attend this as it is that is set up for County Commissioners. The board agreed that there would not be a problem with this.

Discussion was had in regards to the elected official's and department's meeting coming up on April 12, 2011. One item for the agenda is the budget in regards to state budget cuts other suggestions are health insurance issues and the CORSA renewal meeting along with an open topic portion.

At 9:50 a.m. No public comment

Discussion was had in regards to the space at DJFS and leasing some of this space. The board also discussed the bond payment for the DJFS building and they feel things in this regard need to be worked out as to whether or not the lease money can be used to pay for the bonds.

At 10:00 a.m. Jessica Hunter, Huron Metro Housing came before the board and stated that she administers the section 8 program here in Huron County. Ms. Hunter explained a little bit of the background and stated that they are the government's major program for rental assistance for low income families to help them afford safe sanitary units. The housing authorities across the United States are given money from the federal government to administer the program. Currently last year they helped families in Huron County with over 2 and a half million dollars in rental assistance. Mr. Hunter explained how the programs work. Ms. Hunter stated that right now their waiting list is over 500 families and there are 572 families participating in the program. They were told earlier that cuts were going to be made but now it looks like the cuts will be in administrative costs. The two largest areas where they have units are in Norwalk and Willard. Ms. Hunter explained the eligibility requirements and the inspections that are done on selected units. Ms. Hunter also explained the administrative plan that she brings to the board every year and explained that it covers the rules and regulations as to how they operate. Federal regulations are very clear to how we administer the program but they don't cover some of the mays and they are required in their plan to cover those. They cover the audits etc. as well. Ms. Hunter stated that they have heard that

THURSDAY

APRIL 7, 2011

they are going to be funded at the level that they were funded last year so they are going to go ahead and lease the last ten families to be completely full. Mr. Silcox asked about their income verification and if they are required to come in and report any income changes. Mr. Silcox asked if that was checked yearly. Ms. Hunter stated yes that they are checked once a year along with an inspection, but in between they are required to report any changes in income. If it would decrease and they didn't report it then it would be their fault, but reporting when it increases is mandatory. They have 14 days to report this increase. Ms. Hunter stated that counties are allowed to have preferences and their board has a say in the preferences. Currently Huron County only has one preference which is by state law and that is a veteran. Anyone that comes into the housing authority who is a veteran goes to the top of the list only behind another veteran.

At 10:24 a.m. the board recessed.

At 10:32 a.m. regular session resumed.

At 10:33 a.m. Sue Bommer, HR came before the board in regards to Health Insurance issues. Ms. Bommer stated that Dr. Dee Zeffiro-Krenisky, Superintendent is extremely upset with the increase of the HSA costs and does not know why they were increased. Dr. Zeffiro-Krenisky stated that they paid in \$400,000 dollars last year and they only used \$300,000 of it and wants to know why it went up. Mr. Bauer asked who determines what the cost is. Mr. Silcox stated that we need a clarification of paying \$400,000 in and only using \$300,000 as we do not understand that. Ms. Bommer stated that is what they paid in with the employer contributions. Dr. Zeffiro-Krenisky stated that the HSAs was their way to avoid getting other insurance on their own and she doesn't understand the rational on the increase. Ms. Bommer stated that Willis made the suggested increase. Ms. Bommer stated that the HSAs went up by 3.75 percent. Doug Brown had stated that when we changed the plan in 2009 and 2010 the HSA plan did not change so they recommended bumping them up. Mr. Silcox stated that we addressed the other piece of this and not the HSA now why can't we look at the HSA portion and verify her figures and bump that back. The board agreed that Ms. Bommer should meet with Willis and Dr. Zeffiro-Krenisky to work this out and if they need one commissioner that would be fine as well.

<u>At 10:45 a.m.</u> Jean King, ADAM/hs board came before the board to discuss the ADAM/hs board operations. Ms. King explained the metal health issues and why there are boards. Ms. King explained the history of mental illnesses. Ms. King stated that there are state hospitals and that Huron County uses the hospital in Toledo, Ohio. They are consolidating these hospitals. The people with mental illnesses used to come before the board of commissioners. Ms. King discussed the levy money which is a small amount but it has made a huge difference for the board as they have been cut \$539,000 in the last couple of years. They have re-engineered how they do business due to these cuts.

At 11:21 a.m. Daivia Kasper came before the board in regards to the SWD agreement. Ms. Kasper stated that she had offered some suggestions to Mr. Welch. Mr. Welch stated that he had asked Ms. Kasper to come before the board and explain what some of these things mean that were written by the Norwalk city law director. Mr. Welch stated that he had questions and that Ms. Kasper had brought up a good point is that the process for him right now is the failure for Norwalk to approve the plan or are we trying to negotiate so when we are at this point in five years what does this count towards based on what they are saying in here. Mr. Silcox stated that his suggestion was and what Mr. Welch had suggested in the meeting with city council was lets extend it for that 18 month period that we have to do the plan and council stated that they could agree with that rather than extending it past that and trying to decide whose fault anything was it would be just and 18 month extension because that is what we are working with right now with this plan. Mr. Welch stated that he had called the agency this morning. The law director stated that the agency has 18 months to write out plan which is not true. They can take as much time as they want to write our plan. Mr. Welch wanted to make sure that was confirmed. Mr. Silcox stated that with the discussion that they had in front of council he was concerned that we can say it Norwalk, Norwalk can say it was the county and he does not want to go there, he wants to have some defined things. We said that we would extend the payment 18 months past the end of the five year agreement which is the time frame that we have to write a new plan that is what everyone agreed with. Ms. Kasper stated that it is kind of what Mr. Welch stated that this proposed language extends not just the \$25,000 reduction but also in number 2 extends to commingling recyclable agreement and the \$10,000 grant. Those three pieces they want to extend yet beyond the term of the updated plan. They also want to extend it until there is a new plan unless it is due to the city not approving the new plan. This is what Mr. Welch is concerned about. Ms. Kasper stated that she feels that it is reasonable to suggest that it be limited to 18 months and you can put it in the different places. Mr. Silcox stated that is exactly what they suggested at the council meeting.

THURSDAY

APRIL 7, 2011

Mr. Silcox stated that his suggestion is that this language be put back into the agreement if this board would agree to that and that is what we agreed to at the council meeting not the language just emailed to the board. Mr. Welch stated that Ms. Kasper wrote some additions to this. Mr. Welch will send this back to the city. Mr. Silcox stated to send it back and tell them that the board has agreed to this language and that is what was discussed at the council meeting and our understanding. On number 2 Mr. Silcox stated that he did not have a problem with that language we need to move forward with this. Mr. Welch stated that you can not do number 6. The plan has the grant for only five years.

<u>At 11:29 a.m</u>. Joe Hintz moved to adjourn. Gary W. Bauer seconded the motion. The meeting stood adjourned.
