## **Proposed closure of rest area**

Public comment welcomed

**Fitchville Township** (*Monday, August 15, 2011*) – The Ohio Department of Transportation District 3 is proposing the closure of the primitive rest area located near the intersection of State Route 13 and US Route 250/State Route 162 in Fitchville Township.

This rest area is the last primitive rest area within District 3. With an annual maintenance cost of nearly \$28,000, cost effectiveness is a primary factor in proposing the closure of this rest area. In addition, this primitive rest area is experiencing difficulties in trying to comply with Ohio Environmental Protection Agency (OEPA) requirements for treatment and disposal of sewage and wastewater. Compliance with these regulations would require costly upgrades to the rest area. The location of this rest area also experiences a high frequency of accidents due to its close proximity to a curved intersection.

ODOT is faced with the responsibility to maintain and implement improvements to best serve the needs of all citizens utilizing available resources. District 3 is seeking comment on the closure of this rest area. Public comment forms are located at the facility, and any comments can be submitted in the comment box onsite. A public comment form is also located on our website – www.transportation.ohio.gov/dist3. The form can be printed and mailed to:

Ohio Department of Transportation District 3 Public Information Office 906 Clark Avenue Ashland, Ohio 44805

All comments must be received by Friday, September 2, 2011. ###
