#### VOCA GRANT

Discussed the letter received from the Auditor in regards to printing the budget sheets. Board agreed the Auditor should go ahead and print the sheets. A letter will be put together explaining the shortfall next year to go out with the budget sheets.

Mr. Silcox advised Ms. Kasper that the Airport Board is planning an event for this Saturday where they are going to give free rides. In light of what happened in Sandusky County a few years ago, would like to send a letter to the Airport Authority because we are the owners of the property requiring that anybody that flies has at a minimum a million dollar liability of coverage. Ms. Kasper stated all the passengers should be asked to sign some type of release. Mr. Silcox stated he thinks a waiver is appropriate but thinks there should also be a minimum of a million dollar liability. Sue Bommer offered to call CORSA. Mr. Silcox stated his objection would be they are holding it this weekend. They have said they have at least 13 planes coming in for the Summit Motor Sports event, so they'll have extra traffic out there this weekend. Why would they pick a weekend to do this when there is extra traffic when they could have picked last weekend or next weekend when there won't be that extra traffic. Liability wise it make no sense. Sure there were good intention in Sandusky County and sure there are good intentions here but we have to make sure the county is covered. Opposed to it being this weekend and opposed to not having the proper liability coverage. They may have, but want to make sure if they are going to use our facility.

At 9:45 a.m. Sue Bommer, HR, came before the board needing an executive session to discuss collective bargaining. Gary W. Bauer moved to Enter into Executive Session ORC 121.22 (G) (4) preparation for, conducting, or reviewing negotiations or bargaining sessions for public employees, concerning employee compensation or other terms and conditions of employment. Joe Hintz seconded the motion. The roll being called upon its adoption, the vote resulted as follows:

\*No action taken.

Sue Bommer reported on the CORSA meeting she attended last week. One of the topics was the law librarian and the change in the law library organization. They were very adamant in saying the law librarian is an employee of the commissioners. Mr. Bauer stated it hasn't been in this county. Ms. Kasper did not agree. She stated the law library is now run by the Law Resources Board. The Law Resources Board has the power to hire employees. Just like the ADAMhs Board, Christie Lane, etc. Mr. Silcox stated he would like to see their legal research on it so it can be shared with Daivia to get her opinion. Ms. Bommer also reported that the Sheriff needs to attend a CORSA meeting this year in order for us to get our discount. There is one more in the fall. Mr. Silcox stated to put together a letter saying it is a requirement from CORSA that he be there. Mr. Bauer stated they would all sign it. Mr. Silcox stated and if not his vehicles will be taken off our insurance policy. If we don't get the discount because he didn't attend something then he has no problem taking the amount of the discount last year was close to \$8,000. Ms. Bommer stated that Engineer has to adopt the fleet policy. If that doesn't happen then we don't get any of the discounts under that section. Ms. Silcox stated a letter needs to be sent to him also, the board will sign it.

At 10:29 a.m. the board recessed.

At 10:39 a.m. board back in session.

#### Assistant Prosecutor's Report

Daivia Kasper, Assistant Prosecutor stated she did not have anything for the board. Mr. Bauer asked about the soccer contract. Nothing has come back yet. Ms. Bauer will check up on this.

At 10:41 a.m. Pete Welch reported on the detention control system at the jail. Met with Ray Kuras, RJK; he gave the jail the original cost to install the system. Dave Battles and Chris drew up some additional work that they are hoping to include. The cost will probably be hirer than his original cost if they go out to bid on this job. The estimated cost is now between \$100,000 to \$120,000 because of what they want. They have concerns about being able to back up and record to DVR, which they can't do now, and also issues about additional cameras in cells or pods. There is some additional work that is more of their wish list compared to the bare bones of what the original cost was. Mr. Kuras is going to draw up the preliminary outline for bid specs. Mr. Bauer asked if this has anything to do with the cameras outside. Mr. Welch said they went out to get a separate cost to do that. Thinks they had to get one more bid. They want to tie everything into the same monitoring software, which are not right now. If we go out to bid it will take 8 to 12 months from the start of the job from going out to bid to completion. Mr. Welch gave a sample bid packet of a similar job. He will be using a universal system; it will not be a customized system to our facility. This system is universally used so different contractors who are familiar with that system can come in to work on it. The name of the system is InduSoft. Mr. Welch has not received the outline of the bid specs yet, but would recommend once we do receive them that we review them, then send them to the jail and have them approve them, not us. Mr. Welch stated this is out of his league for the type of work he does. Mr. Silcox stated he understands what they are saying about updating the system but we need to be very careful that they aren't adding something that they don't absolutely need. It would be nice for security but we have been operating the jail for ten or twelve years without that and it hasn't caused a problem. Mr. Silcox stated we should have an alternative bid; a bid for the original and an alternative for the extra. Mr. Welch said the InduSoft System you will have the capability to add different things on at a later date. Mr. Silcox stated by bidding this way you have the option of adding the extras now rather than later based on the costs. Mr. Bauer stated if we don't accept the extras then we have the option to do them later. Ms. Kasper asked if the vendor is preparing the specifications. Mr. Welch stated yes unless the board wants to hire somebody. Ms. Kasper asked if the vendor is aware that they have to write the specifications so they are generic so that multiple manufactures can meet that specification. Mr. Welch stated yes. Mr. Welch stated he is going to have it where there is a 3 or 5 year maintenance contract. We don't have an IT

TUESDAY

#### JUNE 21, 2011

person. Trying to convince the jail they have to find someone out there that is going to have to know this system and not our maintenance guys. This is out of the league of our maintenance.

Mr. Bauer asked about the compressor at Job & Family. Mr. Welch said McQuay is about \$200 lower than All Seasons. That is the sixth compressor between all three of them since we've had that facility. McQuay is making a better attempt to look into why we are smoking the compressor. Board feels he should go with McQuay. Discussion was had about the warranty. Compressor came from RSC, manufactured by Carrier. Mr. Welch said the warranty is with All Seasons. Mr. Silcox recommended checking with Carrier for the warranty. Mr. Welch said he would get it all worked out by next meeting.

At 10:52 a.m. Sue Bommer reported she spoke with CORSA. They provide no coverage at all for aviation. She agrees the pilots should provide proof of at least a million dollars liability and should get waivers from the passengers. She will send a sample waiver. She also said who is their aviation carrier, they should know what kind of cover they have. Ms. Bommer checked with Sharon at Bache & Assoc and she didn't know. Mr. Silcox said he believes it is ACE Insurance. The Board would like to have a letter put together stating every pilot to have a minimum of a million dollars coverage and every person riding to sign a waiver. Would like a copy of their policies before the event. The letter will be hand delivered today.

#### **OTHER BUSINESS**

Mr. Bauer updated the board on the Norwalk City Schools and Gerken Center. All Norwalk City Schools bills are paid they will vacate at the end of August. They use Norwalk City to clean the floors before they go. Reported on a conversation with Dan Frederick. He knows what the feelings of the board are, he does not concur. He will put a plan together to extend the courthouse vestibule to the first rail. He is convinced there is not enough room. When he has something drawn up then Larry would go see him since he is the chairman. Mr. Bauer does not want Mr. Frederick to come into a meeting until he is ready. Discussed various upcoming meetings. Mr. Bauer and Mr. Hintz decided to attend the Sunshine Law training in Lorain.

At 11:13 a.m. the board recessed At 11:49 a.m. the board resumed regular session.
