The Board of Huron County Commissioners met this date in Regular Session. Roll being called found the following members present: Mike Adelman, Gary W. Bauer, Larry Silcox.

Pursuant to Ohio Revised Code Section 305.14 the Record of the Proceedings of the January 20, 2009 meeting(s) were presented to the Board. Larry J. Silcox made the motion to waive the reading of the minutes of the January 20, 2009 meeting(s) and approve as presented. Mike Adelman seconded the motion. Voting was as follows:

Aye – Mike Adelman Aye – Gary W. Bauer Aye –Larry J. Silcox

09-029

IN THE MATTER OF APPROVING REQUESTS FOR EXPENDITURE OF OVER \$500.00 SUBMITTED TO THE BOARD JANUARY 22, 2009

Mike Adelman moved the adoption of the following resolution:

WHEREAS, requests for expenditures of over \$500.00 have been submitted for approval by the Board of Huron County Commissioners as follows:

Huron County Department of Job and Family Service

Eastman Kodak Company Maintenance agreement for

microfish reader printer \$516.00 now therefore

BE IT RESOLVED, that the Board of Huron County Commissioners hereby approves of the requests for expenditure of over \$500.00 as listed above; and further

BE IT RESOLVED, that the foregoing resolution was adopted and all actions and deliberations of the Board of Commissioners of the County of Huron, Ohio relating thereto were conducted in meetings open to the public, in compliance with all applicable legal requirements, including Section 121.22 of the Ohio Revised Code.

Larry J. Silcox seconded the motion. The roll being called upon its adoption, the vote resulted as follows:

Aye – Mike Adelman Aye – Gary W. Bauer Aye –Larry J. Silcox

09-030

IN THE MATTER OF TRANSFERRING FUNDS FROM THE TRANSFER OUT FUND #099 TO THE VOCA GRANT FUND # 184 AND THE BYRNE GRANT 183

Larry J. Silcox moved the adoption of the following resolution:

WHEREAS pursuant to prior approval funds were committed to the VOCA grant fund #184 and the Byrne Grant #183; now therefore

BE IT RESOLVED, that the Board of Huron County Commissioners hereby approves of the transfer of moneys from #099/Transfer Out in the amount of \$49,331.63 to the VOCA Grant Fund #184 and to the Byrne Grant Fund #183 in the amount of \$9,536.64; and further

BE IT RESOLVED, that a certified copy of this resolution be sent to the Department requesting transfer, and the Huron County Auditor, and the Auditor's office will make the journal entry to the #184 account and the #183 account;

and further

BE IT RESOLVED, that the foregoing resolution was adopted and all actions and deliberations of the Board of Commissioners of the County of Huron, Ohio, relating thereto were conducted in meetings open to the public, in compliance with all applicable legal requirements, including Section 121.22 of the Ohio

Revised Code.

Mike Adelman seconded the motion. The roll being called upon its adoption, the vote resulted as follows:

Aye – Mike Adelman Aye – Gary W. Bauer Aye –Larry J. Silcox

IN THE MATTER OF TRAVEL

Mike Adelman moved to approve the following travel requests this day. Larry J. Silcox seconded the motion. The roll being called upon its adoption, the vote resulted as follows:

Aye – Mike Adelman Aye – Gary W. Bauer Aye –Larry J. Silcox

Bill Ommert, Jason Roblin, EMA, Major Englund, Ruth Goodin, on January 30, 2009, to Columbus, Ohio, for Amber Alert Conference.

Bill Ommert, Jason Roblin, EMA, on February 10, 2009, to Tiffin, Ohio, for Mitigation Workshop.

Administrator/Clerk's Report

- 1) Presented copy paper quotes acquired by Vickie Ziemba. Paper 101 \$21,999.60 truck load; O Supply \$25,392.88 truck load; Shipley's \$24,654.00 tuck load; Bobels Office Plus, \$23,898.80 truck. The board agreed to approve the Paper 101 in the amount of \$21,999.60 by resolution on Tuesday, January 27, 2009.
- 2) Presented changes that are proposed to the county website, complete rebuild of website, which will make in more user friendly, link to all county departments with websites, and will be able to access forms. The board agreed to proceed with these changes.
- 3) Referred to the Commissioners' training seminar, Mr. Silcox will decide soon if he will be attending.

OTHER BUSINESS

The board updated calendar events for the next few months. Mike Adelman discussed reducing hours and received numbers from the Auditor. Mr. Adelman stated that he had more firm numbers and stated that he wished he would have waited until he had these more firm numbers as the figures that he stated last Tuesday were a little aggressive. The ball park figure that he received from the Auditor's office at that particular time, what he did was go through all the departments paid by the general fund. Mr. Adelman stated that the auditor put down all the department and how many employees and what the total amount is

per hour that those departments pay their employees. Mr. Adelman used the auditor's office as an example he has six employees that are totally paid \$9257 as hour and he also has one employee in data processing and the two employees at the map department. What this breaks down and referred to the ball park figure again would be about \$17,500 dollars per day is what goes out in payroll for general fund employees which is minus the sheriff's department and jail operation. So we take our total employees that are paid through the general fund which is just 144 people which again illustrates again that our county is not over staffed the total amount per hour \$2,410.00 to payroll. From that we would need to subtract the number of employees at the sheriff's office and the jail which is a total of 60 employees and minus that would reduce the per hour payroll costs to \$1,300.00 per hour. This breaks down per to for those 84 employees. So what we discussed the other day is if we had a reduction of hours that amounted to 2 hours a week, 4 hours a pay period for 12 days per year that is an amount of just under \$125,000.00. If it were 3 hours per week, 6 hours per pay period, 18 days per year that would be just a little under \$188,000.00. Also would like to point out that these numbers also do not reflect any of the salaries of any elected officials. Mr. Adelman stated that for himself that if we go with something to do with hourly reductions that he would certainly take the same deduction from his salary as everyone else. Mr. Adelman stated that it has been his practice since he has been in office that he would not expect anyone to do anything that he would not do himself. Mr. Bauer stated that he has made that same decision, and Mr. Silcox stated that he has as well. Mr. Adelman stated that these are really the down to basic numbers and apologized for the numbers that he used last Tuesday. Mr. Adelman also spoke to some interesting suggests that were received. Rather reducing hours in the office to keep the hours intact, one was a floating unpaid day per month that employees would take which would be arranged with their supervisor or appointing authority, the other one that he felt was rather intriguing would be to have unpaid holidays which would equal 80 hours per employee per year and then could add to that three or four floating days per year or whatever the case might be. This would not change any of the hours at the offices. There are a lot of people that have jobs that do not get paid for holidays unless they work the holiday. This is something else to look at as another option. We need to look at things that are going to help us with the general fund appropriation. Mr. Adelman stated again he is intrigued with the unpaid holidays and three or four unpaid floating days during the year, and stated that he has put that out for consideration. Mr. Adelman will copy the break down of the hours for everyone. The Auditor also gave Mr. Adelman the final estimated revenue which is \$13,408,785.54. Mr. Adelman also reported that he had received a call from Sheriff Howard today to meet with him today because the sheriff had a couple of things to run past him and Mr. Adelman stated that he would report back to the board.

Larry Silcox stated that there is a number of ways this could be handled and stated that the possibility that he looks at is giving the final numbers to the office holders giving them the suggestions and letting them make the final decision. Mr. Adelman stated that he is for that as well and all the board can do is make the appropriations and make some suggestions. Mr. Adelman stated that maybe it would be beneficial to have another meeting with the elected officials and propose some of these suggestions and say ok here is what we can do and maybe we can get a consensus from everyone or maybe it would be just a matter of here is the appropriation and they need to make a decision, but would hope that there would be a consensus of what to do. Mr. Silcox stated though that each office knows there work load, what people they have and how to do the cuts better than this board does and when you talk about a consensus we may not be able to do that simply because of the work load at these offices. Mr. Silcox stated that if we tell them this is what you are going to get and here are some suggestions. Mr. Silcox feels that the officer holder meetings have been helpful to keep them abreast and now that we are looking at final numbers has no objection to getting together with them again. Mr. Bauer stated that we need to keep in mind that we can not tell an elected official what to do, but if people are going to close offices feels that it should be strongly encouraged to do it at the same time.

<u>At 9:30 a.m.</u> Public Comment Harry Brady came before the board to meet Commissioner Silcox. Discussion was had in regards to unions and jobs.

Mike Adelman also discussed the NSP meeting that he attended in Lorain County yesterday. Looking at a couple of areas in the county for a block of homes next meeting is Feb 3^{rd} at 8:00 a.m. and need to put this together before this meeting.

At 9:55 a.m. the board recessed.

At 10:07 a.m. regular session resumed.

REGULAR SESSION THURSDAY **JANUARY 22, 2009** 10:00 A.M. INVESTMENT BOARD MEETING

Kathleen Schaffer, Treasurer opened the investment board meeting by calling roll. Ms. Schaffer called for a motion to approve minutes and waive the reading of the October Investment Board meeting.

Gary W. Bauer moved to approve the minutes and waive the reading. Larry J. Silcox seconded the motion. The roll being called upon its adoption, the vote resulted as follows:

> Aye - Gary W. Bauer Aye - Larry J. Silcox $Aye-Kathleen\ Schaffer$

Ms. Schaffer discussed the activity that has been had recently.

At 10:22 a.m. Larry J. Silcox moved to adjourn the investment board meeting. Gary W. Bauer seconded the motion. The investment meeting stood adjourned.

Gary Bauer discussed the airport board meeting that he attended and stated the president will send the letter from Bader to the FAA in regards to closing the airport for the special events at the raceway. Mr. Bauer felt that this issue is moving ahead, Deb Lake was appointed to work with FAA on this request. Mr. Bauer also discussed the rails to trails meeting that he attended last night, stated that it was an informative meeting. Mr. Bauer stated that they feel that the have an agreement with Dan Martin in regards the Halfway road ditch agreement. Mr. Bauer will talk to Cary Brickner in this regard. Mr. Bauer also discussed the meeting at Ashland in regards to the Route 20 by-pass and presented the recommendation from ODOT.

At 10:30 a.m. Doug Brown, John Kovach, Willis HRH, Terri Mahaney Medical Mutual came before the board to address the health insurance plan. March to March insurance plan and looking at the renewal 3/1/09.

The following three plan design options were proposed:

- 1. Everything stays the same but with employee contribution increases of about 24% over current.
- 2. Eliminate the Enhanced PPO, reduce benefits slightly on the Standard PPO and no Changes to Basic PPO.
- 3. Eliminate the Enhanced PPO, reduce benefits more severely in both the Standard and Basic PPO Plans.
- 4. In Options 2 and 3, we propose changing employee contributions for the Standard Plan to equal the current Enhanced and no changes to current Basic contributions.
- B. The financial impact of these illustrations is shown on pages 1-6 of Tab 2 of our report dated 1/22/09. The plan design changes are summarized on pages 5 and 6 of Tab 1.
- C. In each financial illustration, we assumed using \$250,000 of surplus assets from the trust. As discussed, this would need to be factored into the projections for 2010/2011.
- D. In each scenario we assumed that the Mail Order Drugs would convert from Zavidow Shows to Medical Mutual.
- E. The county may wish to consider increasing the specific stop loss level from \$100,000 to \$110,000 which saves approximately \$41,000 in annual stop loss fees.
- F. We recommend that the county keep its aggregate stop loss even though the plan has never breached this. The aggregate premium is about \$32,000 annually but we are uneasy suggesting the county go without it.
- G. Given the discussion of utilizing surplus trust assets, we recommend that the county have an actuarial lag study performed to determine a more accurate estimate of reserves for incurred but unreported claims. WillisHRH could perform this calculation for the county for a fee of \$2500.

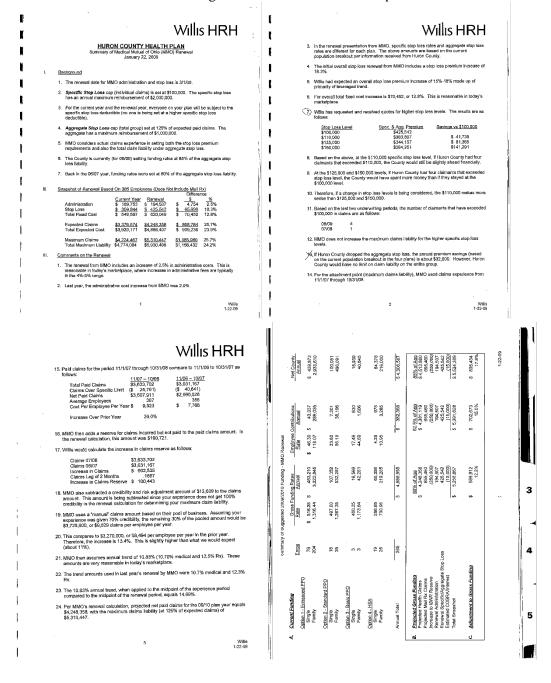

H. The county may want to consider a Dependent Eligibility Audit at some point later this year or early in 2010. Our fee would be approximately \$8,500 with a reduction estimate of about \$120,000 by moving ineligible dependents off of the county health plan.

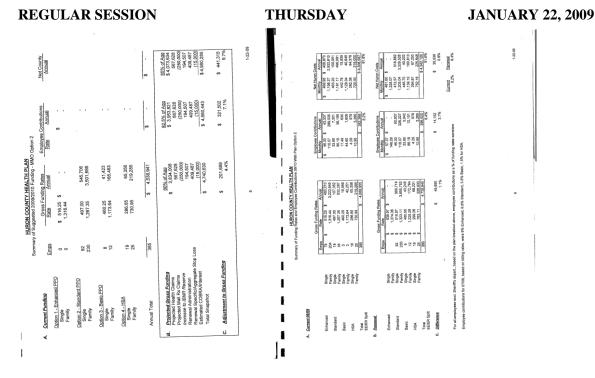

Non insurance issues:

- I. The county is considering a spousal exclusion or surcharge to address working spouses of county employees that do not take health care benefits at their place of employment, but rather select the county health plan based on the attractive benefits and the low cost.
- J. In a year when claims are not increasing, the county may wish to consider creating more tiers of employee contributions such as single, two party and family. The issue is that creating a middle tier requires the family rate to increase in order to create the same dollar total of all contributions. People with full family coverage don't like the change but those with one dependent only do.
- K. Any changes to the plans should be communicated throughout the county and Terri Mahaney is prepared to have meetings in conjunction with open enrollment in March.

This summarizes our discussion points. We recognize the financial crunch faced by Huron County and most every governmental entity. Our suggestions were made in an effort to eliminate any increase in health care costs to the county in 2009/2010. The emphasis within the county is clearly to save money without losing jobs. The challenge with the county's health care is that it is self-funded and claims could come in lower or higher than our estimates. Thus it is a bit of a moving target.

Detailed discussion was had in regards to the above mentioned points and a decision will be made soon.

At 11:45 a.m. Larry J. Silcox moved to enter into Executive Session ORC 121.22 (G) (1) to consider the appointment, **employment**, dismissal, discipline, promotion, demotion, or **compensation** of a public employee or official, or the investigation of charges or complaints against a public employee, official, licensee, or regulated individual. Mike Adelman seconded the motion. The roll being called upon its adoption, the vote resulted as follows:

Aye – Mike Adelman Aye – Gary W. Bauer Aye –Larry J. Silcox

At12:10 p.m. Mike Adelman moved to end Executive Session ORC 121.22 (G) (1). Larry J. Silcox seconded the motion. The roll being called upon its adoption, the vote resulted as follows:

Aye – Mike Adelman Aye – Gary W. Bauer Aye –Larry J. Silcox

At 12:11 p.m. Mike Adelman moved to adjourn. Larry J. Silcox seconded the motion. The meeting stood adjourned.

IN THE MATTER OF OPEN SESSION

The Huron County Commissioners hereby attest that all actions and deliberations of the Board legally required to be public were conducted in an open session on this date and that the foregoing minutes represent the official action of the Board.

IN THE MATTER OF CERTIFICATION

The Clerk to the Board does hereby attest that the foregoing is a true and correct record of all actions taken by the Board of Huron County Commissioners on January 22, 2009.

The meeting was called to order at 9:00 a.m. With no further business to come before the Board, the meeting was adjourned at 12:11 p.m.
