Other business continued

Gary Bauer discussed the invoice from Tower Clock Company for service of the courthouse clock mechanism and motion works in the amount of \$350.00 which was approved for payment.

Discussion was had in regards to repairing the clock to its original working capacity and try to do repairs for the minimum to get the clock working again. Mr. Bauer stated and the board agreed that there is no general fund money to do so but they are willing to look at raising funds to complete this work, but will need to look at the legalities of doing so. Mr. Bauer stated that he would also like to get a quote from Verdin as well for such repair work. The auditor feels that we could get community support to do so. Gary Bauer discussed the airport board and stated that as a whole the board is a pretty good board. J.W. Kelly stated yesterday that the paperwork had not been sent to Detroit to request closing the runway for the Summit Raceway events this summer. Sandy Gordley stated that it had been sent the day after it was delivered to her. Additional paperwork needed to be sent in and Ms. Gordley did not send this paperwork in because she did not feel that the Baders' really wanted to use the runway. Mr. Bauer feels that one of the commissioners need to call Detroit, Stephanie Swann in this regard. Mr. Silcox stated that at the last airport board meeting it was stated that additional information was needed in regards the in-kind work that Baders' stated that they would do. Mr. Silcox stated that Mr. Bauer as commission president and owners of the airport needed to place this call to Detroit, Stephanie Swann.

Mr. Bauer also discussed the situation at the DJFS building in regards to the air-conditioning. Mr. Bauer discussed the email from Pete Welch in regards to the reassigning of custodians by the square footage of the buildings. Further discussion was had with Mr. Adelman agreeing that what Mr. Welch had proposed seemed reasonable. The board will review further.
